

THE Commercial AND Financial Chronicle

HUNT'S MERCHANTS' MAGAZINE,

A Weekly Newspaper,

REPRESENTING THE INDUSTRIAL AND COMMERCIAL INTERESTS OF THE UNITED STATES.

[Entered according to Act of Congress, in the year 1896, by the WILLIAM B. DANA COMPANY, in the office of the Librarian of Congress.]

VOL. 62.

SATURDAY, MARCH 21, 1896.

NO. 1,604.

The Chronicle.

Terms of Subscription—Payable in Advance:

For One Year.....	\$10 00
For Six Months.....	6 00
European Subscription (including postage).....	12 00
European Subscription Six Months (including postage).....	7 00
Annual Subscription in London (including postage).....	\$2 10s.
Six Mos. do. do. do.	\$1 10s.

The INVESTORS' SUPPLEMENT will be furnished without extra charge to every annual subscriber of the COMMERCIAL AND FINANCIAL CHRONICLE.

The STATE AND CITY SUPPLEMENT will also be furnished without extra charge to every subscriber of the CHRONICLE.

The STREET RAILWAY SUPPLEMENT will likewise be furnished without extra charge to every subscriber of the CHRONICLE.

The QUOTATION SUPPLEMENT, issued monthly, will also be furnished without extra charge to every subscriber of the CHRONICLE.

File covers are sold at 50 cents each; postage on the same is 18 cents. File cover for supplements can be had at office for 65 cents or mailed for 80 cents.

Terms of Advertising—(Per inch space).

One time.....	\$3 50	Three Months (13 times).....	\$25 00
One Month (4 times).....	11 00	Six Months (26 ").....	43 00
Two Months (8 ").....	18 00	Twelve Months (52 ").....	58 00

(The above terms for one month and upward are for standing cards.)

London Agents:

Messrs. EDWARDS & SMITH, 1 Drapers' Gardens, E. C., will take sub-
scriptions and advertisements, and supply single copies of the paper
at 1s. each.

WILLIAM B. DANA COMPANY, Publishers,

Pine Street, Corner of Pearl Street,

POST OFFICE BOX 958.

NEW YORK.

CLEARING HOUSE RETURNS.

The following table, made up by telegraph, etc., indicates that the total bank clearings of all the clearing houses of the United States for the week ending to-day, March 21, have been \$975,835,507, against \$935,980,516 last week and \$933,157,049 the corresponding week of last year.

CLEARINGS. Returns by Telegraph.	Week Ending March 21.		
	1896.	1895.	Per Cent.
New York.....	\$467,381,550	\$442,445,583	+5.6
Boston.....	67,515,147	66,882,603	+0.9
Philadelphia.....	51,159,390	51,424,733	-0.5
Baltimore.....	12,038,583	9,991,982	+20.5
Chicago.....	70,541,805	68,415,164	+3.1
St. Louis.....	20,413,235	19,858,820	+2.8

All cities, 1 day.....	154,726,294	150,092,448	+3.1
Total all cities for week.....	\$975,835,507	\$933,157,049	+4.6

The full details of clearings for the week covered by the above statement will be given next Saturday. We cannot, of course, furnish them to-day, bank clearings being made up by the various clearing houses at noon on Saturday, and hence in the above the last twenty-four hours of the week have to be in all cases estimated, as we go to press Friday night.

Our usual detailed figures for the previous week, covering the returns for the period ending with Saturday noon, March 14, are given below, and we also present the results for the corresponding week in 1895, 1894 and 1893. In comparison with the preceding week there is a loss in the aggregate exchanges of nearly one hundred and twenty million dollars, and at New York alone the decrease is over eighty-three millions. Contrasted with the week of 1895 the total for the whole country shows an increase of 0.2 per cent. Compared with the week of 1894 the current returns record an excess of 9.2 per cent and the loss from 1893 is 26.8 per cent. Outside of New York the gain over 1895 is 0.1 per cent. The excess over 1894 reaches 7.5 per cent, but making comparison with 1893 the loss is seen to be 14.6 per cent.

THE FINANCIAL SITUATION.

The most conspicuous event of the week affecting industrial affairs was the issue on Monday of the Northern Pacific reorganization plan. We have discussed that matter fully on subsequent pages and need not enlarge upon it here. Had other influences affecting business been of a recuperative nature, the announcement would have had a more exhilarating influence. As it is, the beneficial effects which must in the end result have not in any degree been discounted as in good times they so often are. We are not permitted to doubt that they are any the less important or less sure to follow. When the new securities have been issued and the old property stands among its business competitors, operated again by its officers as a solvent concern, industrial interests will get substantial benefits from the change.

There is one aspect of the matter which is apt to escape attention, but which is very important. We have reference to the effect of the reorganization on the state of business in the territory tributary to the company's lines. We discuss that feature at the close of the article already referred to, but shall make brief allusion to the same thought here. As part of the scheme of reorganization, it is the purpose to spend a good deal of money—a great many million dollars—to put the property in the highest state of efficiency, so that the road may be able to render transportation service at a low cost and yet derive a profit from the work. The expenditure of this money will mean the giving of employment to greatly increased numbers of men, this in turn will mean expanding consumption, and that will mean a gradually enlarging volume of business for all the local trades people. Moreover, every effort will be made to secure a new influx of settlers for the Northwest. The Northern Pacific has a very extensive land grant. The sales out of this grant have in the past been very large; during the last two years under the unfavorable conditions prevailing these sales have dwindled to small proportions. Active means will now be employed to cultivate the settlement of the lands. Thus the indications point strongly to a continuance and enlargement of the activity in trade which last year's excellent crops in that section have already produced; and in time we may look for a full recovery from the set-back under which that part of the country has labored as the result of the events of the last few years.

Under present currency conditions a decided movement towards business activity is heavily handicapped so long as Congress keeps up its incessant agitation of subjects affecting our foreign relations. An appeal adopted this week by the Board of Trade and Transportation to our legislators at Washington urging them to drop further consideration of those matters no doubt closely reflects public opinion in business circles. The experience following the Venezuela message and the Congressional action it gave rise to are still fresh in mind. That scare and panic arose mainly, not from a belief in actual war with Great Britain as the outcome of the dispute—money classes never looked on that as a possible event—but from the knowledge that even a prolonged discussion attended with continued irritation, as then seemed probable, greatly endangered gold payments. Although we have fortified our gold reserve since then and a panic is no longer a presumable contingency, yet business interests have never had relief from the fear of foreign entangle-

ments long enough to recover from the first shock. Instead of that, the additional irritation with Spain about Cuba has not only suggested possible war in another direction, but these two affairs of a like character coming so near together have given rise to an indefinite fear of something else in prospect of a similar nature, the public knows not what. It would certainly gratify business classes if foreign relations for the rest of the season could be relegated to a position of less prominence and domestic affairs receive more attention.

The political situation in Europe, notably the expedition by Great Britain up the Nile as far as Dargala, and a lack of acquiescence in the movement on the part of Russia and France, together with the admitted friendly attitude of Great Britain toward the Dreibund, have disturbed money matters somewhat in London, and that has been reflected in a measure on this side. Early in the week the relations of the Powers to this expedition were not very clearly understood, and consequently the affair was looked upon as not unlikely to lead to serious complications. Among other things, the recently reported decoration of King Menelek of Abyssinia by the Emperor of Russia was regarded as an indication of the sympathy of Russia with Abyssinia and against Italy, which latter nation this movement up the Nile by Great Britain was chiefly undertaken to assist. When the cable announced that the movement had received the support of Germany, Italy, Austria, and indeed that it was virtually a closer union of Great Britain with those nations, it was looked upon more as a clever piece of diplomacy not likely to lead to any serious result, but calculated to prove of material benefit to Italy.

The money market has had a hardening tendency this week, and commercial paper has been more closely scrutinized. These results have followed from various causes. A chief influence for the upward tendency was the call on Monday of the Treasury Department upon the designated depository banks in this city holding part of the proceeds received from the 4 per cent bonds for 20 per cent of such deposits. This was not an order, but more in the nature of a request to be responded to at once only in case the loan and deposit accounts of the bank were such as to make an immediate response convenient; that form of withdrawal made it impossible for the money market to suffer from any special pinch which might follow the calling in of loans. Up to last night \$4,578,000 had been turned over to the Sub-Treasury here, practically completing the payments on account of the call. The effect seems to have been to stiffen rates for call and time money. The operation had no apparent influence on commercial paper. That branch of the market was more influenced by the further failures this week, leading, as that has, to a closer scrutiny of names, and also by reports of a depressed condition of some branches of the dry goods trade and bad state of the clothing trade. Still there does not appear to be any urgency in the offerings, though the large majority of the banks are out of the paper market.

An interesting event of the week has been the action of the Lehigh Valley Railroad Company in restoring to its employees the 10 per cent reduction in wages made in 1893. It is said that the change affects all the officials and employees whose compensation is more than \$1,000 per year, from the President down. It does not affect the ordinary day laborers, whose pay had not been reduced. Of course

the significance of this action lies in the circumstance that it shows that the company's income has improved sufficiently to warrant the step. The company makes no monthly or weekly reports of its earnings (a fact which is to be regretted, since there are urgent calls for the information), and therefore it is not possible to tell just what the extent of the improvement has been. The road is a large carrier of anthracite coal, and several of the other anthracite roads—notably the Central of New Jersey and the Philadelphia & Reading—showed in their January statements considerable gains in earnings over a year ago. As to what the result has been in February we have nothing as yet as a guide; if production has been restricted, as claimed, selling prices of coal on the other hand were better, as a consequence of the agreement entered into the latter part of January between the various producing interests. The Lehigh Valley is dependent also upon the conditions as to trunk-line traffic, and here the situation has been quite favorable; the good grain crops of last year have enlarged the tonnage of the roads, and at the same time rates have been better maintained. There was a meeting of the Presidents of the trunk lines here in this city on Thursday, to consider affairs connected with the Joint Traffic Association, and at this meeting great gratification was expressed over the satisfactory way in which the Association has been fulfilling its functions. There can be no doubt that since the new organization has come into existence rate matters have been in better shape than for a long time past.

As indicating the course of trunk line traffic, the New York Central has this week issued its preliminary return for the quarter ending March 31, the figures for March being partly estimated. The return fulfills expectations, showing of course improvement over a year ago. Gross earnings are reported at \$10,484,600, against \$9,835,818 in the same three months of last year, and net earnings \$3,329,000 against \$3,019,842. The March quarter is usually the poorest of the year, it comprising the winter months, and hence the company did not earn the full one per cent quarterly dividend in the three months, but the deficiency for the present year is only \$315,000 as against \$581,919 in the same quarter of 1895. For the nine months of the company's fiscal year since the 1st of July, the gross earnings record an improvement of 2½ million dollars—roughly 8 per cent. In the net the addition is less than half a million dollars. The reason for the difference is found in the policy pursued by the management in the matter of renewal and betterment expenditures: feeling certain that a substantial improvement in earnings could be depended on, they have been very liberal in that class of outlays. For the nine months, even with this small addition to the net, there is a surplus above the 3 per cent dividends paid of \$226,000. Last year in the same nine months the return showed a deficiency below the amount paid in dividends of \$559,907. The dividends then aggregated 3½ per cent, but there would still have been a deficiency had the payment then been only 3 per cent.

There is now due at the New York Sub-Treasury on account of the bonds allotted to that office about \$5,956,600. The payments, withdrawals and net gain or loss resulting from bond settlements this week, together with the amounts to date, are shown in the following.

	Payments.	Withdrawals.	Net.
Feb. 8 to March 13	\$59,556,822.44	\$17,810,104	\$41,746,718.44

* Loss.

Money on call, representing bankers' balances, has loaned this week at the Stock Exchange at 4½ and 2½ per cent, but the lower rate recorded on Wednesday was after the engagements for the day had been made, and only a small amount was loaned at that figure. The average for the week was about 4 per cent. Banks and trust companies quote 4 per cent as the minimum. Time loans are more firmly held, but the business is small and confined chiefly to long contracts. Rates are 4 per cent for thirty to ninety days, 4½ per cent for four to five and 4½@5 per cent for six months and for longer periods. As already stated, the banks generally are out of the market as buyers of commercial paper and those who are in a position to make purchases exercise very careful scrutiny of names. This timidity on the part of banks naturally influences other buyers, and therefore business is restricted though some paper brokers report a fair amount of trade in well-known names. There does not appear to be any pressure of notes on the market and rates are 5@5½ per cent for sixty to ninety day endorsed bills receivable, 5½@6 per cent for four months' commission house and prime four to six months' single names, and 6 to 7 per cent for good names having the same time to run.

The Bank of England minimum rate of discount remains unchanged at 2 per cent. The cable reports discounts of sixty to ninety day bank bills in London ½@13-16 of 1 per cent. The open market rate at Paris is 1½ per cent and at Berlin and Frankfurt it is 2 per cent. According to our special cable from London the Bank of England gained £243,592 bullion during the week, and it held at the close of the week £49,114,944. Our correspondent further advises us that the gain was due to the receipt from the interior of Great Britain of £173,000 net and to imports of £71,000, of which £50,000 were from Egypt and £21,000 were from Portugal.

Foreign exchange has been easier this week. After Wednesday long sterling was relatively weaker than short, but the market has been very dull throughout. The supply of bills has been small and principally confined to cotton drafts, while there has been a very light mercantile demand for remittance. On Monday Lazard Freres reduced their posted rates half a cent for both long and short, but there was no change in rates for actual business compared with Friday of last week, these being 4 86¼@4 87 for long, 4 87¼@4 88 for short and 4 88@4 88½ for cable transfers. The tone was reported dull and easy, closing steady. On Tuesday the Bank of British North America reduced rates for both long and short half a cent, but there was still no change in rates for actual business and the tone was dull and steady to the close. On Wednesday the market appeared to feel the influence of greater activity in money and dearer rates for time loans, and there was a distinctly easier tone. Brown Bros. reduced the long rate half a cent and Baring, Magoun & Co. lowered both long and short half a cent, while rates for actual business were reduced one-quarter of a cent, to 4 86¼@4 86½ for sixty day, 4 87¼@4 87½ for sight and 4 87¼@4 88 for cable trans-

fers. On Thursday there was no change either in posted rates or in those for actual business, and the tone was reported steady to firm at the close, though long sterling was a shade easier. It is believed that the Northern Pacific reorganization, the plan for which was announced on Monday, has had some influence upon exchange. The more active money market also was an influence and is likely to be the remainder of the month, as a good demand for money may be expected in connection with the April settlements. Yesterday exchange remained firm, and rates for actual business were advanced one-quarter of a cent for all classes of bills. Posted rates were left unaltered. The following table shows daily posted rates of exchange by the leading drawers.

DAILY POSTED RATES FOR FOREIGN EXCHANGE.

	FRI. Mar. 13	MON. Mar. 14	TUES. Mar. 15	WED. Mar. 16	THUR. Mar. 17	FRI. Mar. 18

The market closed firm on Friday at 4 87@4 88 for sixty day and 4 88 1/2@4 89 for sight. Rates for actual business were 4 86 1/2@4 87 for long, 4 87 1/2@4 88 for short and 4 88@4 88 1/2 for cable transfers. Prime commercial bills were 4 86 1/2@4 86 1/2 and documentary 4 85 1/2@4 86. Mr. Worthington C. Ford, the Chief of the Bureau of Statistics at Washington, this week issued the February statement of the country's foreign trade, and we give the figures below in our usual form.

FOREIGN TRADE MOVEMENT OF THE UNITED STATES.

In the following tables three figures (000) are in all cases omitted.

	1895-96.			1894-95.

In the last table gold and silver in ore for 1893-94, 1894-95 and 1895-96 are given under the heads respectively of gold and silver; for the other years both are included in the merchandise figures.

We give on a subsequent page our tabulation and review of the gross and net earnings of United States railroads for the month of January, and the comparison with last year is very favorable. As to the probable character of the exhibit for February we have already a few early returns of net for that month. The Pittsburg Cincinnati Chicago & St. Louis, which forms part of the Pennsylvania Railroad system, reports \$95,121 increase in gross, \$20,329 increase in net, and the Pittsburg Youngstown & Ashtabula, which forms part of the same system, has \$13,393 decrease in gross and \$19,974 decrease in net. The Nashville Chattanooga & St. Louis reports gross of \$419,338 for February 1896 against \$340,832 for February 1895, and net of \$145,375 against \$135,391; the Mobile & Ohio gross of \$290,019 against \$231,003, and net of \$99,445 against \$71,910; the West Virginia Central & Pittsburg gross of \$72,150 against \$67,237, and net of \$22,365 against \$22,257, and the San Francisco & North Pacific gross of \$50,953 against \$47,517, and net of \$4,452 against \$7,303.

* The division (between gold and silver) given in our table of coin and bullion in the Bank of Germany and the Bank of Belgium is made from the best estimate we are able to obtain; in neither case is it alleged to be accurate, as those banks make no distinction in their weekly returns, merely reporting the total gold and silver, but we believe the division we make is a close approximation.

NOTE.—We receive the foregoing results weekly by cable, and while not all of the date given at the head of the column, they are the returns issued nearest to that date—that is, the latest reported figures.

The following statement gives the week's movements of money to and from the interior by the N. Y. banks.

Week Ending March 20, 1896.	Received by N. Y. Banks.	Shipped by N. Y. Banks.	Net Interior Movement.
Currency	\$3,583,000	\$2,591,000	Gain. \$992,000
Gold	432,000	400,000	Gain. 32,000
Total gold and legal tenders.....	\$4,015,000	\$2,991,000	Gain. \$1,024,000

With the Sub-Treasury operations the result is as follows.

Week Ending March 20, 1896.	Into Banks.	Out of Banks.	Net Change in Bank Holdings.
Banks' interior movement, as above	\$4,015,000	\$2,991,000	Gain. \$1,024,000
Sub-Treasury operations	21,300,000	25,100,000	Loss. 3,800,000
Total gold and legal tenders.....	\$25,315,000	\$28,091,000	Loss. 2,776,000

TREATMENT OF PRIOR LIENS IN RAIL-ROAD EMBARRASMENTS.

Nothing is more important to the credit of American railroads than that mortgage bondholders should be made to feel perfectly secure in their rights. They should have the assurance not only that they will be protected to the fullest extent in all their mortgage equities, but that no act will be permitted which is calculated to injure in the slightest degree the particular security or securities in which they may have their money invested. And this applies not merely during the period of solvency of a railroad. It applies with even greater force when a road becomes embarrassed and passes into the control of courts and receivers, for in that event bondholders are in position to suffer most from any step adverse to their interests, and at the same time are in special need of the protection and security which their mortgage lien is supposed to accord to them.

While these are general remarks, and have reference to all classes of mortgages and equities, junior as well as senior, they have particular bearing in the case of underlying or prior liens. Nothing could be more harmful, from any standpoint, than to subject the holders of liens of that character to damage or loss. The bonds secured by such liens usually bear high rates of interest, but the net return to the holders has as a rule been quite small, because a very large premium was paid in purchasing the bonds. The holders were willing to pay this large premium, and to accept a small yield per annum, simply because it was felt that the bonds were gilt-edged and that the investment was safe beyond peradventure. Yet there have been instances where the holders of such securities have found that in the disaster which has befallen so many companies during the last few years they have been obliged to suffer only less seriously than the holders of securities much less advantageously situated and which never held the same unquestioned character as their own. There are bonds to-day of undoubted merit, and which are earning their interest in full, but which on account of the financial embarrassment of the company issuing the bonds are forced to go without their regular interest returns.

This is not as it should be, and is a situation calculated to injure the credit of United States railroads, particularly where, as happens in several instances, the bonds are to a great extent held abroad. When the mortgages bear a high rate of interest and have also a good many years to run to maturity, there is of course an obvious advantage to a company in paying them off and replacing them with obligations bearing a lower rate of interest. In such a case it is difficult to resist the conclusion that the default has not been made with design or is not being purposely continued in order to

force the holders to consent to the paying off of their bonds or to make concessions which it is not needful or right that they should make. We do not say that this intention exists. We simply assert that the act conveys the impression that it does exist; and as concerns the effect on the credit of our securities the one is as injurious as the other.

In most of the earlier mortgages there is a provision that in case of default in interest, continued for a certain length of time, the principal of the bonds shall also become due. And it has been charged in some instances that default had been allowed or procured with the intention of permitting the company to pay off the bonds— a right or privilege which it could not otherwise have claimed. We should think it at least doubtful whether in case it can be shown that there was no need for default, and that the act was collusive in nature, the courts would hold that the provision as to payment of principal could be exercised where the bondholders object to such a course. It will be remembered that when the New York & New England, during its receivership, defaulted in the interest on the first mortgage bonds, it was feared that the intention was to create just such a situation and make it possible to retire that issue. These bonds bear high rates of interest (some 6 per cent and some 7 per cent), had some ten years to run yet, had been purchased at high figures, and were considered an investment of the first grade. It would have been in every way an injustice to compel the holders to part with such a security against their will. Leading houses here and elsewhere, as may be recalled, took active measures to prevent the threatened misfortune, and the bonds still remain in existence, forming an obligation of the reorganized New England Railroad.

But whether there is an ulterior purpose in view or not, default should never be allowed on well-secured prior liens if it can be avoided. Of course we recognize that complications and conditions may arise making it impossible to prevent a lapse in payment. Barring this, however, default should be carefully guarded against by all concerned. With the junior liens deprived of their interest, the prior liens are certain to suffer to some extent in any event, in value and in public estimation, since a discredit attaching to one part of a company's securities will necessarily affect also the other and better part. Under such circumstances it is wrong as well as an additional hardship to the holders to still further depreciate the value of the prior liens by withholding payment of interest due on them.

What is here said of the treatment of prior liens by Courts and receivers is of equal application when in the process of reorganization and foreclosure the question comes up what course to pursue towards such liens. No underlying or prior liens should be disturbed in reorganization unless there is clear warrant for doing so. More than that, the holders should never be left in doubt regarding the intentions of those prosecuting foreclosure proceedings. Fortunately, nearly all recent reorganizations have clearly recognized this principle. We have an instance this week in the plan submitted for rehabilitating the Northern Pacific. As stated in our article on a subsequent page reviewing the plan, the reorganizers would like to see the general first mortgage bonds converted into a new security, and they offer strong inducements to the bondholders to get them to make the exchange. At

the same time, they enter an emphatic disclaimer of any intention to coerce the bondholders, saying: "It is not sought in any way to enforce a conversion of the present general first mortgage bonds, and this offer is made solely upon the belief that on the terms proposed such conversion, while advantageous to the company, is also manifestly to the advantage of bondholders so converting."

The character of the men conducting the undertaking in this instance was of course a guaranty that no attempt would be made in any event to disturb or jeopardize the status of these bonds; but to relieve the fears of holders, who for one reason or another may not care to make the exchange, such a clear and emphatic statement is deserving of very strong commendation. It would be well if in the case of other embarrassed companies where holders feel some anxiety as to their position, those in charge of the proposed reorganizations should also take the holders into their confidence and assure them that they will get the full measure of their rights and claims. It is proper to say that the Northern Pacific firsts have been treated with due consideration all through the company's financial troubles, the interest having been regularly paid on them—receivers' certificates being issued rather than to permit default.

While on this subject, we may say that we have received a great many letters from holders of the various first mortgage issues of the Union Pacific Company, both in this country and in Europe. Some have reference to the proposed reorganization (one of which we discussed in our issue of February 29), others to the arrears of interest which are still permitted to exist by the receivers and the Courts. A coupon on the main line firsts was paid in January, but this leaves two coupons yet in arrears—a full year's interest—and on some of the other first mortgage issues (all coming ahead of the Government lien) the company is much further behind. One of our correspondents, after noting that no receivers' certificates have been issued on the property, ventures the opinion that the road is "playing poor to get the Government to settle." We can see that the company might have something to gain from such a course, but certainly the receivers and the Courts (who are now in charge of the property) would not lend themselves to the proceeding. It does seem however as if the bondholders might be given their interest with greater promptness.

It would also be gratifying if the Reorganization Committee of the Union Pacific could see its way clear to making a definite announcement as to what course they intend to pursue towards non-assenting bondholders of these first mortgages—whether the holders will be given par and interest. Many of these bonds are held by trustees, estates, and others who have no power or are unwilling to take the new securities offered in exchange, and who will insist on having their bonds paid off. We understand that these holders have been conferring together and that they contemplate steps to protect their interests—if required they will bid for the road in order to make certain that it shall bring enough to pay principal and interest in full. The Reorganization Committee might relieve these holders of the necessity for this step by announcing either that they will eventually pay par and interest for the bonds or else that they will have a clause inserted in the foreclosure decree fixing the price to be paid for the property at a sum sufficient to ensure that end. The members of the Committee we believe

are convinced that the non-assenting holders should have the amount of their claims, and some of them have expressed themselves to the effect that they can depend on getting it. But an announcement that this was to be done would remove all doubt and would at the same time be a step in the interest of American railroad credit.

EGYPT AND THE EUROPEAN SITUATION.

Things have become sufficiently lively in Europe. A day or two ago it seemed as if we were on the point of a wide misunderstanding among the nations. In this case time has told for the better. There is much less alarm; and the tone of public feeling has been considerably quieted. The immediate future, it has to be admitted, is somewhat doubtful.

At the present moment British diplomacy, which as Mr. Goschen said the other day is not given to crooked ways, and not skilful thereat, has to all outward appearance mastered the situation. It is some time since Lord Dufferin showed his hand; but in this case we are not permitted to doubt that in bringing about the present result he has been mainly instrumental. The real difficulty was in Paris, not in Rome. Nor was this all. There were serious difficulties in the Italian capital. There were serious difficulties also in St. Petersburg, in Vienna, at Berlin and at Cairo. All these had to be overcome, and that they have been overcome, and apparently with success, is a triumph for Lord Salisbury and his diplomatic agents.

There is no longer any mystery about the actual situation. The disaster at Adowa has had one good effect. Bad for Italy undoubtedly, it yet has had the effect of clearing the atmosphere, which otherwise might not have been cleared so effectually. We know, with a fair amount of exactitude, just how things are, and looked at in the clearer light which we now enjoy, we see that the cause or causes by no means justified the excitement which for a couple of days prevailed. England announced her intention, or rather she took steps without any formal announcement, to send men and munitions of war up the Nile to aid the Italians if necessary, but mainly to resist any movement which the Mahdists, taking advantage of the Italian defeat, might be tempted to make on Kassala. It is quite probable that point was given to the movement by the unofficial announcement made by Mr. Chamberlain, the Secretary of the Colony, that "happen what might, England would not leave Egypt." The whole matter admits of easy explanation, if explanation is any longer necessary. England holds Egypt for the Egyptian Government. It is to protect, preserve and advance Egyptian interests that she occupies the country and controls the Government. She is bound in the discharge of her duty to preserve the territory intact, so far as it is for the general interest of the Government and people. A threatened descent of the Mahdists on Kassala, and probably on Egyptian soil, was surely a sufficient justification of the British in Egypt to decide upon sending troops to the Upper Country. It was a step which none of the bondholders or guaranteeing Powers could object to, because it was in the interest of them all. For England to have acted otherwise would have amounted to a dereliction of duty.

There is one other matter which it was impossible for the governments to ignore, especially when it was properly put before them—we mean the source whence the money was to be drawn for the payment of

the costs of the expedition towards the South. If the money were to be paid out of the British treasury, or if the impression had been allowed to remain that it was to be drawn from that source, the idea of conquest and permanent occupation would have been suggested. England, it would have been said, is defying Europe and ignoring the bondholders. As it is, however, this cannot be said, nor can the most fault-finding discover cause of quarrel. The expedition is undertaken and is to be carried out in Egyptian interests, in and for the benefit of the Khedive's Government, and also for the benefit of the bondholders; and therefore the expenses are to be borne by the Reserve Fund, which is held for the payment of the Public Debt—a fund in which all those just named are more or less equally interested. This, it will be admitted, is another evidence of skilful management, and helps us to understand why quiet and apparent contentment have followed so quickly on the recent excitement.

Among the causes which have produced the agreeable change, some place must be found for reflection. It is one thing to go to war in these times, especially within the limits of civilization. It is another thing to talk about it. France was about to send her ships to Alexandria Bay; and of course transports were to follow. Russia was supposed to be ready to rush her Black Sea fleet through the Bosphorus and the Dardanelles and join her ally in the Mediterranean, where, having pierced the barrier, she would make a permanent stay. Second thoughts, however, are sometimes best. It was a dangerous step to rush to war, even if it were to be with such a Power as England alone. Her resources are enormous. Her ships are equal or all but equal to the combined navies of the world. Her numerous colonies are exhaustive of her men; but her wealth has been found equal in times gone by to keeping Europe in arms, and it might in an emergency do so again. Her colonies besides are loyal; and in a trying time could well be trusted to defend the peace and to defend their own coasts. In a few days she could have at her side and under her perfect control whole battalions of Indian troops, some of the finest soldiers in the world. Then again it is hardly conceivable that Russia and France, even if joined by Turkey, could attack England without begetting complications which would upset all original plans. It is to be borne in mind still further that not one of the powers named—Russia, Turkey nor France—can reach Egypt by land. We are left, therefore, to draw our inferences as to what British ships might accomplish in the event of any hostile landing being attempted on Egyptian soil.

The crowning triumph of all, however, is the preservation and consolidation of the Dreibund. In view of present facts well may the Russian Vedomosti say that England knows the pulse of Europe better than any one else. Italy was crippled, and as an ally rendered comparatively useless. England comes to her aid, and by this bold and generous act saves and strengthens the third member of the Alliance. She does more. Hitherto she was only a friend of the Dreibund. Now, although we have no evidence that she has become an actual member, we are not left to doubt that in certain emergencies she is pledged to give it active aid. She has drawn herself closer to Germany and Austria; and by making the Triple Alliance stronger, she has established on firmer foundations the peace of Europe and the world. Let us hope that nothing will happen to mar this agreeable prospect.

NORTHERN PACIFIC REORGANIZATION PLAN.

Probably no more strongly-supported reorganization plan has ever been issued than that of the Northern Pacific, promulgated this week. The plan is unique in having secured in advance the adhesion of every leading equity in the property; for not only has it been prepared with the approval and co-operation of Messrs. J. P. Morgan & Co. and the Deutsche Bank of Berlin, but both the General Reorganization Committee, of which Mr. Edward D. Adams is Chairman; and the Protective Committee, representing the stockholders, and of which Mr. Brayton Ives is chairman, join in its presentation. Moreover, the plan has received the approval of the representatives of a large majority of the bondholders of the three main line mortgages in process of foreclosure, namely the General Second, the General Third and the Consolidated mortgages. Considering the conflict and friction at one time existing between the various parties who now join together to recommend the plan, and particularly the hostile attitude of the stock, this harmonizing of all interests is quite a notable achievement, and ensures the speedy and successful carrying out of the scheme.

The plan is also distinctive in the magnitude of the sum for which a syndicate has been formed to take care of the financial part of the arrangement. There have been a great many important railroad reorganizations within the last two or three years, and they have all provided for very large syndicates. In this instance the guaranty syndicate if not absolutely larger than any preceding one, ranks with those of the very greatest proportions. The syndicate has been formed by Messrs. J. P. Morgan & Co. of New York and the Deutsche Bank of Berlin, and is for the subscribed amount of \$45,000,000. The plan does not give the actual money requirements, but we are informed that the cash needs are estimated at from 25 to 30 million dollars, besides the loans that may be required while the reorganization is pending. It is possible that the whole 45 millions may not be needed, but it has been thought best to make the amount large enough to cover all contingencies. In the Reading case the grand aggregate of the syndicate guaranty was also of very exceptional dimensions, but it was in two parts; the immediate guaranty was for 28 million dollars (this representing the cash requirements under the plan), and in addition the syndicate guaranteed the extension or payment of certain bonds maturing during the next two years, amounting to some 20 million dollars more.

In view of the union with the Great Northern proposed last year, and which created such a stir at the time, it is interesting to note that the present scheme provides for an absolutely independent reorganization. The plan covers the Northern Pacific system, but not the Wisconsin Central and the Chicago & Northern Pacific, which are outside properties, though the Northern Pacific at one time held control of them. In the treatment of the different equities in the property, the plan follows the principles which it is now universally admitted must control in such cases: stockholders are called upon to provide a considerable part of the cash requirements, heavy assessments being levied to that end (\$15 a share on the common stock and \$10 on the preferred stock); junior bondholders are required to make concessions by converting a

portion of their holdings into securities the payment of interest on which is dependent entirely upon income; while liens that are good are not disturbed. We have said that the plan has the assent of a large majority of the various issues of securities, and that is not strange, for in the adjustment between the different interests the scales appear to have been held fairly and evenly.

The frank and open method of dealing with the general first mortgage bonds is to be strongly commended. These bonds are perfectly good, and no default in the payment of interest on them has been permitted even during the receivership. It will be to the interest of the property to have these bonds converted into the new Prior Lien bonds, and strong inducements are offered to holders to make such conversion. Nevertheless, as stated in a previous article, the reorganizers take pains to declare that "it is not sought in any way to enforce a conversion of the present general first mortgage bonds, and this offer is made solely upon the belief that on the terms proposed such conversion, while advantageous to the company, is also manifestly to the advantage of bondholders so converting." As regards the small amount of underlying liens ahead of the general firsts (we mean the Missouri division and Pend d'Oreille division bonds), these are redeemable at par and interest, and we are informed that it is the intention to pay them off.

There are to be two general issues of bonds, namely \$130,000,000 Prior Lien 100-year 4 per cent gold bonds and \$60,000,000 General Lien 150-year 3 per cent gold bonds, and two general issues of stock—\$75,000,000 4 per cent non-cumulative preferred stock and \$80,000,000 common stock. All outstanding issues of stock and bonds are to be converted ultimately into these new securities. While the position of the general mortgage 1sts is a very strong one, as already stated, their lien does not extend over the whole property, covering the 2,152.35 miles of main line but not the 2,554.09 miles of branches, nor any of the terminal properties owned by the St. Paul & Northern Pacific RR., the Northern Pacific Terminal Company of Portland (Oregon), or the Northern Pacific & Manitoba Terminal (Winnipeg), all of which are owned by separate organizations. Speaking of the defects of the Northern Pacific system and of its various mortgages, the Reorganization Committee well say: "As it now stands, the system, in its form of incorporation and capitalization, is a development without method or adequate preparation for growth. Scarcely any single security is complete in itself. The main line mortgages cover neither feeders nor terminals. The terminal mortgages may be bereft of their main line support. The branch line bonds are dependent upon the main line for interchange of business, and the main line owes a large part of its business to the branch lines." All this will be obviated in the reorganized company, for the new bonds to be created will be secured by a mortgage upon the main line, branches, terminals, land grant, equipment and other property.

The general 1sts are offered \$1,350 of new prior lien 4 per cents for \$1,000 of the existing 6 per cent bonds, and if they make the exchange the coupon due next July will be paid the 1st of April, from which date the new bonds will bear interest. The return in interest would then be \$54 per year, against \$60 as at present—not a very great difference considering that the new bonds will have 100 years to run while the existing bonds have only 25 years of life remaining. Of course the issue will be a much larger one,

but it will also cover a great deal more property—the whole system from end to end, including terminals, equipment, etc. But in addition there will be another and a very important advantage. The present general mortgage 1sts are redeemable by compulsory drawings any time at 110 per cent from the proceeds of land sales or the fixed annual contribution by the company to the sinking fund. Thus, though the bonds have 25 years to run, a holder can never tell when his bond may be called for redemption. The Committee state the situation none too strongly when they say that "these compulsory redemptions in the past have been a disturbing factor in all calculations for investment purposes, and the inauguration of a new and vigorous policy for the sale of the lands may be expected from this time forward greatly to increase the amount of such redemptions." The conversion is recommended by Messrs. J. P. Morgan & Co., August Belmont & Co. and Winslow, Lanier & Co., who originally issued the bonds, as well as by the German Committee of general 1st mortgage bondholders.

Obviously the company desires to see the bonds exchanged mainly in order to save the large yearly sinking fund charges now required. The saving of six-tenths of one per cent interest per year would not in itself be a very great item. During the last five years the proceeds of land sales available for the sinking fund of the General 1sts amounted to only \$1,772,163, while for the same period the full requirements for the sinking fund for these bonds was \$3,272,860, leaving a deficiency of over 1½ million dollars to be supplied from net earnings. It is pointed out by the Committee that of late the diminution of sales of lands applicable to this and other mortgages has thrown upon the transportation earnings of the company the burden of their sinking fund charges, and furthermore that "these charges, with the other sinking fund obligations to the public, amounting to \$1,463,763 per annum, will be entirely relieved by the full operation of the plan of reorganization."

The treatment of the other bonds, as already said, seems to be fair and equitable. The Collateral Trust notes and the General Second Mortgage bonds are the only issues (besides the General 1st Mortgage bonds) which are to receive any of the new Prior Lien bonds. The Trust Notes get 100 per cent in these bonds and 20 per cent in preferred stock, besides 7 per cent in cash. The Second Mortgage bonds get 118½ per cent in the Prior Lien bonds and 50 per cent in preferred stock, besides 4 per cent in cash. The other bond issues are settled with General Lien bonds, the 3d mortgage getting 118½ per cent in these bonds and 50 per cent in preferred stock, besides 3 per cent in cash; the Dividend Certificates 118 per cent plus 50 per cent in preferred stock and 3 per cent in cash; and the Consolidated Mortgage bonds 66½ per cent in General Lien, 66½ per cent in preferred stock and 1½ per cent in cash. A table is given in the plan which shows that disregarding the amounts of cash and securities allowed for back interest the allotment of new securities (bonds and preferred stock) has been on a basis to yield altogether 6 per cent to the seconds when the preferred stock shall earn full dividends (of 4 per cent), 5 per cent to the thirds and 4 per cent to the consols. In fixed-interest securities the allotment has been graded so as to yield 4 per cent to the seconds, 3 per cent to the thirds and 1½ per cent to the consols.

The company's fixed charges at present for interest and sinking funds amount to \$10,905,690 per annum.

Under the reorganization when fully carried out (exclusive of bonds reserved for new construction) they will be only \$6,052,660. The adjusted net income available to pay the charges amounted for the year ending June 30, 1895, to \$6,015,847; the average for the past five years was \$7,801,646; for the year ending June 30, 1891, the amount was \$9,493,173; for 1891-92, \$10,067,408; for 1892-93, \$9,340,165.

The common stock, as already stated, is obliged to pay an assessment of 15 per cent, receiving in consideration of this payment 100 per cent of new common stock, and the preferred stock is required to pay an assessment of 10 per cent and will receive 50 per cent of new preferred stock and 50 per cent of new common stock. It is a striking fact that even the common stock is placed nearer to a dividend basis than before, notwithstanding the increase in the amount of new securities to be issued. Counting dividends on the preferred stock, the charges ahead of the common stock now amount to \$13,724,754; under the reorganization when fully carried out the amount will be only \$8,952,660. The reduction results through the lowering of the fixed charges and from the fact that the new preferred stock will be a 4 per cent obligation instead of an 8 per cent obligation as at present.

The provision for future new capital needs is found in a reserve of \$25,000,000 of the new Prior Lien bonds to be used to the extent of not exceeding \$1,500,000 per annum, thus covering the next 16 years. No definite settlements have yet been proposed or effected with the branch line bonds, but sufficient amounts of the General Lien bonds and preferred stock are reserved to meet the requirements for this purpose. The most valuable of the branches are covered by the Consol Mortgage; as to the rest each will be dealt with separately and in accordance with its merits. The voting power on the stock will be lodged in five voting trustees, namely Messrs. J. Pierpont Morgan, Georg Siemens, August Belmont, Johnston Livingston and Charles Lanier, who will hold control for five years. A feature of the plan is that after the termination of the Voting Trust the preferred stock is to have the right to elect a majority of the board of directors of the new company whenever for two successive quarterly periods the full and regular quarterly dividends upon the preferred stock at the rate of 4 per cent are not paid in cash.

While the carrying out of the proposed reorganization will mean much to the security holders of the Northern Pacific, it will mean hardly less to the communities which the system serves. It may be taken for granted that local sentiment will be favorable to the reorganized company, since the road is to be maintained as a separate system. By improving the property, moreover, it will be placed in better position to meet the requirements of the various sections traversed by the road. Furthermore, the reorganizers propose to spend large amounts immediately for such improvements, and this will have a marked effect in stimulating trade in the Northwest. Finally, it is the intention to pursue a vigorous policy in the development of the territory tributary to the road by promoting settlements on the company's extensive land grant. Already business is active in that part of the United States, and for the seven months of the current fiscal year to January 31 the gross earnings of the Northern Pacific have increased \$1,799,776 as compared with the same seven months of last year, and the net earnings £1,837,911. Under the reorganization this activity will be further in-

creased. We violate no confidence when we say that in the opinion of those who are supporting the effort to rehabilitate this great railroad system, the step will mark a permanent turn in the tide in the Northwest, ensuring, it is thought, continued prosperity for many years to come.

RAILROAD GROSS AND NET EARNINGS FOR JANUARY.

As had been clearly foreshadowed by our early returns and compilations, the statement of the gross and net earnings of United States railroads which we this week present for the month of January is a very favorable one—making of course a very auspicious beginning for the year. In the gross the increase (on the 141 roads or systems reporting) reaches nearly 4½ million dollars, or about 9 per cent, while in the net the increase is \$2,328,294, or 16·91 per cent.

The conditions the present year were on the whole better than a year ago. As a consequence of last season's excellent cereal harvests, the grain movement was much heavier than in January 1895. In the South, to be sure, the roads still had to contend with a greatly diminished cotton movement (the result of last season's short crop), but on the other hand the weather was less of a drawback than a year ago in that section, and on the Pacific Coast there was a very decided improvement in the weather conditions. The following is a summary of the figures for the month.

January. (141 roads.)	1896.	1895.	Increase.	
			Amount.	Per Cent
Gross earnings.....	\$56,820,278	\$52,158,059	\$4,662,219	8·94
Operating expenses.....	40,723,733	38,389,808	2,333,925	6·08
Net earnings.....	16,096,545	13,768,251	2,328,294	16·91

It may be somewhat of a surprise to hear that there had been an increase last year also in both gross and net; but such was the fact, thus making the improvement the present year all the more noteworthy. The increase in 1895 was of course not very large, yet it reached almost a million dollars in the gross and over a million dollars in the net. In 1894, on the other hand, we had heavy losses, that being the period succeeding the panic of 1893. Below we carry the comparisons back to 1890.

Year and number of roads.	Gross Earnings.			Net Earnings.		
	Year Given.	Year Preceding.	Increase or Decrease.	Year Given.	Year Preceding.	Increase or Decrease.
January.	\$	\$	\$	\$	\$	\$
1890 (114)	44,906,518	41,406,008	+3,500,450	12,429,759	10,572,383	+1,857,376
1891 (125)	50,096,280	46,203,836	+3,892,444	13,972,510	12,464,056	+1,508,454
1892 (126)	53,634,393	52,488,170	+1,146,223	13,442,051	14,323,177	-881,126
1893 (125)	55,890,995	55,160,103	+730,892	13,361,256	14,982,235	-1,620,979
1894 (125)	47,050,380	54,127,847	-7,077,467	11,633,196	12,785,024	-1,151,828
1895 (134)	48,973,190	48,072,945	+900,245	13,240,373	12,123,398	+1,096,975
1896 (141)	56,820,278	52,158,059	+4,662,219	16,096,545	13,768,251	+2,328,294

All sections of the country and practically all classes of roads have contributed to the present year's improved results. This will be seen when we say that in the gross the Pennsylvania (lines directly operated east and west of Pittsburg and Erie) reports \$540,600 increase, the St. Paul \$435,244 increase, the Canadian Pacific \$303,762 increase, the Atchison (without the St. Louis & San Francisco) \$249,722, the Erie \$221,992, the Burlington & Quincy \$218,773, the Illinois Central \$203,121, the Chesapeake & Ohio \$159,020, the Central of New Jersey \$157,134, the Norfolk & Western \$153,384, the Northern Pacific \$146,110, the Baltimore & Ohio \$130,510, the Southern Railway \$128,881, the Reading with the Coal & Iron Company \$117,639, the Burlington Cedar Rapids & Northern

\$112,995, &c. In the net earnings the general result is much the same, the Atchison showing \$284,551 increase, the Reading \$230,687, the Northern Pacific \$167,412, the Canadian Pacific \$149,230, the St. Paul \$148,254, the Norfolk & Western \$145,756, the Southern Pacific \$149,489, the Erie \$142,496, the Central of New Jersey \$103,934, &c.

PRINCIPAL CHANGES IN GROSS EARNINGS IN JANUARY.

Illinois Central	54,146		
Min. S. P. & S. S. M.	48,558	Total (representing	
		4 roads)	\$210,459

The net increased \$62,400 on Eastern lines and \$6,300 on Western lines.

When the roads are arranged in groups in our usual way, according to their location or the character of their traffic, the Eastern and Middle is the only one showing a loss in both gross and net, and the falling off in that case has no significance, since it is due mainly to the decrease reported by the Brooklyn Elevated road, which in 1895 had been favored by an exceptional cause, namely the strike on the surface roads in Brooklyn. The Southern group has done about as well as any, notwithstanding the small cotton movement; the gain is \$951,655 or 12.75 per cent in the gross and \$479,967 or 21.60 in the net. Only 4 of the 39 roads in that group show losses in the gross and 6 in the net. As a matter of fact the losses are comparatively few in any of the groups, and in the Northwestern group there are none at all either in the gross or in the net; in the aggregate that group has \$976,067 or 18.64 per cent increase in the gross and \$419,637 or 24.77 per cent in the net. The Southern, the Pacific and the Northwestern groups were the ones which fell behind in the net last year. The present year the Pacific group is distinguished like the other two for the favorable character of its exhibits, its gain in net being 25.89 per cent. The Southwestern group and the Anthracite coal group are likewise noted for their good results, the one having 22.45 per cent increase in net and the other 25.13 per cent increase.

Excess of imports			\$6,225,592	\$6,225,592

IMPORTS AND EXPORTS OF GOLD AND SILVER AT SAN FRANCISCO.

We have received this week from the Collector of Customs at San Francisco the details of imports and exports of gold and silver through that port for the month of February, and they are presented below, together with the figures for the preceding months, thus completing the results for the eight months of the fiscal year 1895-96. The imports of gold were less than in any month since February, 1895, the amount received reaching only \$43,199, of which \$4,595 was in coin; but of silver there came in \$162,825, of which \$91,520 was bullion. There has been received during the eight months a total of \$677,895 gold and \$1,299,517 silver, which compares with \$1,023,722 gold and \$1,324,309 silver in 1894-95. The shipments of gold during February were likewise smaller than in any month since February, 1895, reaching but \$4,760 coin, and the exports of silver have been \$374,354 coin and \$418,500 bullion. For the eight months the exports of gold have been \$504,528, against \$617,064 in 1894-95 and \$8,739,348 silver has been sent out, against \$8,612,040 in 1894-95. The exhibit for February and the eight months is as follows:

IMPORTS OF GOLD AND SILVER AT SAN FRANCISCO.

Monetary & Commercial English News

[From our own correspondent.]

LONDON, SATURDAY, Mar. 7, 1896.

The Cuban resolutions passed by the two Houses of Congress and the severe defeat of the Italians in Abyssinia have added to the general feeling of uneasiness throughout Europe. The latter event more particularly is looked upon as one of the gravest that has occurred for a long time. The finances of Italy were already in a deplorable state; now they will become very much worse. Besides, it is feared that Italy may have to withdraw from the Triple Alliance. Indeed, in France there are speculations that she will also have to greatly reduce her army and navy and to make terms with France; in which case it is argued the position of England in Egypt would be weakened, and Germany and Austria-Hungary would find themselves at a very great disadvantage. It would seem that a similar opinion prevails widely in Germany. At all events German holders are selling Italian bonds on a large scale, while they are being bought actively in Paris.

The position of Spain is worse even than that of Italy. She is able to pay her way even now only by constant borrowing; and if she has a quarrel with the United States her power of borrowing will be jeopardized. For all that there are rumors that negotiations are going on between the French and Spanish Governments, with the object of raising a large Spanish loan in Paris.

Here at home the principal event of the week has been the explanation by Mr. Goschen of the Government's naval programme. Briefly it comes to this: The total expenditure on the navy in the coming financial year will be very little under 23 millions sterling, being more than 3 millions above the expenditure provided for by Lord Spencer in the current year. During the year there will be under construction 13 battle ships, 34 cruisers and 63 torpedo boat destroyers. The whole of these are to be finished by July, 1899. From 1889 to 1899,

according to this scheme, the total outlay on the navy will amount to 55 millions sterling, for which the country will have got 105 ships and 63 torpedo boat destroyers. There is also to be an outlay of 10 millions sterling on naval works, chiefly harbors and dockyards.

The rates of interest and discount are falling, and are likely to fall, because the payments out of the Treasury are now becoming larger than the receipts, and they will increase during the remainder of the month. Moreover, the Japanese Government has paid out a million sterling of the funds standing to its credit in the Bank of England; and there is hardly any demand for gold for abroad.

The silver market is very firm, chiefly on Indian buying. Very little is being purchased by either China or Japan. On the other hand the American mine owners are not selling freely, so that the supply in the market is small. The Indian export trade continues active and the demand for Council drafts is very strong. On Wednesday the Council sold the 60 lakhs offered at an average price of nearly 1s. 2½d. per rupee.

The stock markets are very inactive but fairly firm considering the small amount of business that is done. The public here is keeping altogether aloof from the American department, frightened by the Cuban resolutions and by the default of the Baltimore & Ohio, and by the belief that the Government will have to borrow again before long. Even operators who were dealing somewhat freely last week have now withdrawn.

In the foreign market there is likewise great inactivity. Early in the week Italian and Spanish dropped heavily, but there has been a recovery since, due to Paris buying. Other international securities are neglected. There has been some decline during the last day or two in Brazilian securities on the fall of the Brazilian exchange, caused, it is said, by the prevalence of yellow fever. The Argentine market is quieter than it was, and there is less doing in consols and other first-class securities.

The mining market is waiting upon the result of the negotiations now going on between the Colonial Office and President Krüger with respect to his contemplated visit to this country. It is said that the negotiations are proceeding favorably; that President Krüger is displaying a very earnest desire to come to a reasonable settlement; that most of the points are already arranged, and that there is a prospect of complete accord in a very short time. Meanwhile the labor difficulties in the Transvaal are very great. The Boer Government continues to promise every kind of assistance to the mine owners, and it has announced that it will immediately form a bureau charged with the negotiations with the native chiefs for the hiring out of natives. It is so evidently to the interest of the Government to prevent a serious stoppage of mining that no doubt can be entertained of the earnestness of the wish to assist the companies, as the greater part of the Government revenue is derived from the mines, and a long-continued stoppage would therefore greatly inconvenience it. At the same time some weeks must elapse before the difficulties can be overcome. And while they continue there is not likely to be much recovery in the market. No doubt an official announcement that President Krüger was about to visit this country would have a very great effect. But still the mining industry will not be in a satisfactory state until sufficient labor is obtained.

The March series of wool sales began here on Tuesday, and there has been a further rise of 5 per cent upon the quotations of January. The supplies are found to be shorter than had been expected. There is not so much demand for America as there had been during the past five or six months; but there is a very active demand for home manufactures and for the Continent.

It now appears that the wheat crop in Argentina will be much smaller than last year. So will the crop in Australia; and the market, therefore, is looking for some recovery in prices.

The imports since January 1st have been as follows:

	1896.	1895.	Difference.	Per Ct.
IMPORTS.				
January.....	\$ 38,473,856	\$ 36,743,481	+1,730,375	+4.79
February....	35,476,736	28,134,489	+7,342,247	+26.09
2 months...	73,950,592	64,877,970	+9,072,622	+13.98

The exports since January 1st have been as follows:

	1896.	1895.	Difference.	Per Ct.
EXPORTS.				
January.....	\$ 21,127,168	\$ 18,224,236	+2,902,932	+15.92
February....	18,683,456	15,973,095	+2,710,361	+16.92
months...	40,810,624	34,197,331	+6,613,293	+19.33

The re-exports of foreign and colonial produce since January 1st show the following contrast:

	1896.	1895.	Difference.	Per Ct.
RE-EXPORTS.				
January.....	4,825,707	3,887,258	+938,449	+24.14
February.....	3,638,232	4,407,824	+1,230,408	+27.91
2 months.....	10,463,939	8,295,082	+2,168,857	+26.14

The rates for money have been as follows:

London.	Bank Rate.	Open Market Rates.						Interest allowed for deposits by

Messrs. Pixley & Abell write as follows under date of March 5:

Gold.—The demands that we mentioned last week have sufficed to clear the market of all arrivals. The total received at the Bank of England is \$147,000 from Holland, and withdrawals of \$121,000 have taken place for export, chiefly to South America. Arrivals: Cape Town, \$232,000; New Zealand, \$3,000; Australia, \$5,000; China, \$57,000; Bombay, \$50,000; West Indies, \$37,000. Total, \$393,000. Shipments: Calcutta, \$20,000; Port Said, \$78,600; Bombay, \$69,000; Penang, \$4,000. Total, \$171,600.

Silver.—India has bought rather less silver during the past week, preferring to remit through the India Council, in transfers, owing to the higher money rates in the East; but with America holding off the supply here has been limited, and the market continues steady. Arrivals: New York, \$142,000; Capetown, \$3,000; West Indies, \$17,000. Total, \$162,000. Shipments: Calcutta, \$28,500; Bombay, \$155,100. Total, \$183,600.

Mexican Dollars.—These coin continue in good demand and the nearest rate is 31 1/2 d.

Mexico.....	1,987	1,634,342
South America.....	1,891,600	29,691	270,722
All other countries.....	24,853
Total 1896.....	\$12,500	\$12,440,985	\$42,985	\$17,150,606
Total 1895.....	146,501	28,783,849	1,360,955	9,445,172
Total 1894.....	1,830,920	7,687,373	183,709	2,605,471
Silver.	Exports.		Imports.	
	Week.	Since Jan. 1.	Week.	Since Jan. 1.
Great Britain.....	\$939,070	\$9,941,724	\$6,000	\$6,557
France.....	76,174	244,174
Germany.....	750
West Indies.....	159,309	6,047	35,164
Mexico.....	27,185	228,818
South America.....	88,428	59,473	219,735
All other countries.....	485	11,131
Total 1896.....	\$1,015,244	\$10,434,870	\$93,705	\$301,405
Total 1895.....	452,687	6,136,324	15,684	277,982
Total 1894.....	605,277	8,784,818	13,182	277,756

Of the above imports for the week in 1896 \$7,300 were American gold coin and \$68 American silver coin. Of the exports during the same time, \$12,500 were American gold coin.

—Holders of Pennsylvania & New York Canal & R.R. Co. 7 per cent bonds due June 1, 1896, should apply to Messrs. Edward B. Smith & Co., Philadelphia, for terms on which the bonds may be exchanged for the consolidated mortgage bonds which will be issued to retire the first-mentioned bonds.—See advertisement.

Breadstuffs Figures Brought From Page 561.—The statements below are prepared by us from the figures of the New York Produce Exchange. We first give the receipts at Western lake and river ports, arranged so as to present a comparative movement for the week ending March 14, 1896, and since August 1. for each of the last three years:

Receipts at—	Flour.	Wheat.	Corn.	Oats.	Barley.	Rye.
	Bbls.	Bush.	Bush.	Bush.	Bush.	Bush.
Chicago.....	40,741	312,709	1,580,444	1,131,866	554,194	52,784
Milwaukee.....	58,800	185,900	22,750	296,000	236,800	37,800
Duluth.....	21,240	603,654	...	47,216	6,591	2,657
Minneapolis.....	3,549	974,000	54,020	244,850
Toledo.....	496	29,000	49,000	509	...	500
Detroit.....	3,970	40,331	20,011	25,015	36,883	...
Cleveland.....	5,9	21,883	16,295
St. Louis.....	18,270	105,746	440,730	137,500	50,350	4,533
Peoria.....	8,700	33,000	322,500	351,200	48,300	1,239
Kansas City.....	...	63,410	46,902	16,383
Tot. wk. '96.....	159,335	2,363,803	2,575,742	2,221,113	933,018	99,474
Same wk. '95.....	126,441	1,899,754	1,353,103	1,930,381	276,770	40,056
Same wk. '94.....	184,675	1,777,833	2,708,765	2,154,473	643,653	68,888
Since Aug. 1.....
1895-96.....	7,500,300	157,926,411	81,950,282	95,659,737	31,803,935	2,909,815
1894-95.....	8,145,165	118,183,070	54,657,418	59,947,755	28,344,741	1,911,916
1893-94.....	8,319,974	122,812,674	111,226,856	80,465,342	25,485,006	2,670,987

The receipts of flour and grain at the seaboard ports for the week ending March 14, 1896, follow:

Receipts at—	Flour.	Wheat.	Corn.	Oats.	Barley.	Rye.
	Bbls.	Bush.	Bush.	Bush.	Bush.	Bush.
New York.....	118,333	38,275	274,950	492,400	195,975	55,575
Boston.....	49,375	149,760	63,454	115,032	14,638	...
Montreal.....	8,550	47,058	25,050	44,768	5,807	...
Philadelphia.....	42,152	9,257	35,051	93,511	32,700	...
Baltimore.....	65,510	19,229	481,263	54,946	...	4,291
Richmond.....	3,300	20,300	4,400	6,502
New Orleans.....	9,423	609	428,490	45,100
Total week.....	295,443	332,206	1,313,594	855,702	340,175	59,796
Week 1895.....	323,954	294,946	719,519	690,175	93,150	7,432

The total receipts at ports named in last table from Jan. 1 to March 14 compare as follows for four years:

Receipts of—	1896.	1895.	1894.	1893.
	Bbls.	Bush.	Bush.	Bush.
Flour.....	3,342,375	3,442,249	3,774,967	3,482,229
Wheat.....	3,127,619	3,436,847	2,747,018	7,613,449
Corn.....	16,709,022	5,478,687	17,779,293	9,774,036
Oats.....	7,650,719	5,812,590	6,133,053	6,952,693
Barley.....	1,529,941	969,851	1,333,190	1,740,092
Rye.....	234,122	96,134	48,194	159,025
Total grain.....	29,250,495	15,518,139	27,587,047	29,190,905

The exports from the several seaboard ports for the week ending March 14, 1896, are shown in the annexed statement:

Exports from—	Wheat.	Corn.	Flour.	Oats.	Rye.	Peas.
	Bush.	Bush.	Bbls.	Bush.	Bush.	Bush.
New York.....	257,742	102,253	83,375	3,944	43,583	1,851
Boston.....	234,456	67,223	19,714
Portland.....	...	25,290	10,469	32,701
Philadelphia.....	48,000	218,259	16,824
Baltimore.....	...	317,742	42,406
New Orleans.....	...	354,286	524
Norfolk.....	...	149,645
Newport News.....	...	47,000	68,000	10,000
Galveston.....	...	300,273	4,556
Total week.....	524,228	2,005,917	244,295	13,730	43,588	34,832
Same time 1895.....	554,348	623,024	186,355	5,105	...	23,137

The destination of these exports for the week and since Sept. 1, 1895, is as follows. We add the totals for the corresponding periods of last year for comparison:

Exports for week and since Sept. 1 to—	Week Mar. 14, 1896.	Since Sept. 1, 1895.	Week Mar. 14, 1895.	Since Sept. 1, 1894.	Week Mar. 14, 1894.	Since Sept. 1, 1893.
	Bush.	Bush.	Bush.	Bush.	Bush.	Bush.

—Burdett's Official Intelligence for 1896 has come to hand. This elaborate volume, prepared under the supervision of Mr. Henry C. Burdett, Secretary to the share and loan department

of the London Stock Exchange, is the standard work of reference for British and foreign securities. The issues in London of British and colonial loans in 1895 aggregated £65,407,832, as against £57,080,520 in 1894. The additions to the Official List of the London Exchange for 1895 were nominally £176,752,443, compared with £209,803,429 in 1894. The feature of the year has been the number of new mining and prospecting companies, in consequence of which the present volume contains 240 pages more than its predecessor, about 950 new companies having been added. Messrs. Spottiswoode & Co., 54 Grace Church Street, London, are the publishers.

—The Richmond Locomotive Works has received an order for engines from the New Orleans & Northeastern Railroad. Virginia furnishing power for the Louisiana railroads shows how the South is forging ahead. The Richmond Works is one of the largest in the United States, and has a capacity of about a locomotive a day.

WALL STREET, FRIDAY, MAR. 20, 1896—5 P. M.

The Money Market and Financial Situation.—The announcement on Monday of the new plan for reorganizing the Northern Pacific Railroad is the principal event of the week in financial circles. The plan, which is underwritten by a strong syndicate and already approved by a majority of the security holders, will no doubt be successful. The progress which is thus being made in placing another of our great railway systems upon the list of solvent companies calls attention to the fact that it will soon be followed by plans looking to the same result in regard to the St. Louis & San Francisco, the St. Joseph & Grand Island, the Chicago & Northern Pacific and the Norfolk & Western companies. These plans are already well matured and are expected to be announced in the near future.

Several causes have contributed to make business generally very dull in Wall Street during the week. Prominent among these causes is the fact of recent commercial failures and the conditions which have led to them. Then again the political situation, not only at home but elsewhere, as is well known, is not of a character to inspire confidence in the future value of securities. For this and other less prominent reasons the public generally are not seeking investments, and business at the Stock Exchange has been narrow and professional.

The money market has hardened somewhat at this centre on the withdrawal of funds by the Secretary of the Treasury from depository banks, but is reported easier at Boston and Philadelphia.

The open market rates for call loans during the week on stock and bond collaterals have ranged from 2 1/2 to 4 1/2 per cent. To-day's rates on call were 3 1/2 to 4 per cent. Prime commercial paper is quoted at 5@6 per cent.

The Bank of England weekly statement on Thursday showed an increase in bullion of £343,592, and the percentage of reserve to liabilities was 62.50 against 62.47 last week; the discount rate remains unchanged at 2 per cent. The Bank of France shows an increase of 6,900,000 francs in gold and 3,500,000 francs in silver.

The New York City Clearing-House banks in their statement of March 14 showed a decrease in the reserve held of \$1,554,400 and a surplus over the required reserve of \$31,448,825, against \$23,234,500 the previous week.

Foreign Exchange.—The foreign exchange market has remained practically unchanged during the week and extreme dullness has prevailed. Quotations have continued steady.

To-day's actual rates of exchange were as follows: Bankers 100 days' sterling, 4 86 1/4 @ 87; demand, 4 87 1/4 @ 88; cables, 8 @ 88 1/4.

Posted rates of leading bankers are as follows:

	March 20.	Sixty Days.	Demand.
Prime bankers' sterling bills on London	4 87 @ 4 88	4 89 1/2 @ 4 89	
Prime commercial	4 86 1/4 @ 4 86 1/2		
Documentary commercial	4 95 1/4 @ 4 96		
Paris bankers' (francs)	5 13 1/4 @ 5 14 1/4	5 16 1/4 @ 5 16 1/2	
Amsterdam (guilder) bankers	40 @ 40 1/4	40 1/2 @ 40 1/4	
Frankfort or Bremen (reichmarks) bankers	95 @ 95 1/2	95 1/2 @ 95 1/2	

The following were the rates of domestic exchange on New York at the under-mentioned cities to-day: Savannah buying 1-16 discount, selling par; Charleston, buying par, selling 1/2 premium; New Orleans, bank, \$1 50 premium; commercial 25@50c. per \$1,000 discount; Chicago, 40c. per \$1,000 discount; St. Louis, 50@75c. per \$1,000 premium.

United States Bonds.—Sales of Government bonds at the Board include \$315,000 4s coup., 1925, at 116 1/2 to 117; \$14,000 4s reg., 1907, at 108 1/4; \$8,000 5s coup., at 113 to 113 1/4; \$2,000 6s of '97 at 103 1/4 and \$850 4s reg., 1925, at 117. Closing prices are as follows:

State and Railroad Bonds.—Sales of State bonds at the Board include \$19,000 Virginia fund. debt 2-3s of 1891 at 61 to 61 1/2, \$1,000 Tenn. settlement 3s at 86 1/2, \$1,000 Alabama class A at 107 1/2 and \$4,000 Louisiana funded debt at 98 1/2.

The volume of business has been restricted in the market for railway bonds, and in the absence of an investment demand prices for the active list are generally lower. Northern Pacific have been the chief feature of interest and the different issues reflect the conditions of the new plan for rehabilitating the company. The con. 5s and the coll. trust notes have advanced about 1 and 2 points respectively, while the 3d coup. have lost over 6 points. Louisville N. A. & Chicago and Rio Grande Western have been strong on limited sales. The active list includes, in addition to the above, the Atchisons, Chic. & Nor. Pacific, Mo. Kan. & Texas, Ore. Short Line, Texas & Pacific, Wisconsin Central, Reading and Southern Ry. bonds, a few of which have been steady and others weak.

Railroad and Miscellaneous Stocks.—This has been one of the duller weeks of the season in the market for railway stocks. The trading has been almost wholly of a professional character, and the offering of a few shares for London account has been sufficient to depress prices. Northern Pacific has been the weak feature of the market. It declined under liquidating sales, which naturally followed the announcement of the new plan. Louisville & Nashville, Southern preferred and some other shares which are dealt in abroad show the lack of interest which the public is just now taking in Wall Street investments. St. Paul has been relatively strong, sustained no doubt by continued favorable traffic reports. Scarcely enough coal stocks have changed hands to establish quotations, except in the case of Reading, which has lost 1 1/2 per cent. Manhattan Elevated has declined 2 1/4 points, presumably on the ground of present and prospective competition. Baltimore & Ohio is one of the few stocks on the active list which does not show a net decline during the week.

Some of the prevailing conditions have favored active manipulation of the industrial list and the speculative element has not failed to take advantage of the opportunity offered. American Tobacco has been the favorite, but its fluctuations have been confined within a range of 4 points. General Electric has not sustained the advance noted last week, and declined to 35 1/2 on Thursday, closing at 36. Tenn. Coal Iron & Ry. has been weak on liquidating sales by parties reported to have been actively interested in the stock. Chicago Gas and Distilling have declined an average of over 1 per cent.

Investment AND Railroad Intelligence.

RAILROAD EARNINGS.

The following table shows the gross earnings of United States railroads (and also a few Mexican and Canadian roads) for the latest period reported. The statement includes every STEAM road from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the calendar year from January 1 to and including such latest week or month.

The returns of the street railways are not included in this table, but are brought together separately on a subsequent page.

* Figures given do not include Oregon Ry. & Nav., Un. Pac. Denver & Gulf, Denver Leadville & Gunnison, Montana Union and Leavenworth Topeka & South western. ^a These figures include results on leased lines. ^b Includes earnings from ferries, etc., not given separately. ^c Mexican Traffic ^d Includes only half of lines in which the Pacific has a half interest. ^e Last year's earnings were swelled by the strike on the surface roads. ^f Includes operations of the Chic. Burlington & Northern in both years. ^g Covers results for lines directly operated east of Pittsburgh.

Latest Gross Earnings by Weeks.—The latest weekly earnings in the foregoing are separately summed up as follows:

For the second week of March our preliminary statement covers 51 roads, and shows 4.24 per cent gain in the aggregate over the same week last year.

Net Earnings Monthly to Latest Dates.—The following shows the gross and net earnings to latest dates of all STEAM railroads furnishing monthly statements. The compilation includes every road from which we can get returns of this character and in that form is given once a month. Early returns are published from week to week, as soon as issued, but for the convenience of our readers all the roads making returns are brought together here in the week in which we publish our monthly article on net earnings—say on or about the 20th of the month.

The returns of the street railways we give by themselves under a separate head at the extreme end of these tabulations—see page 543.

a Net earnings here given are after deducting taxes.

b Net earnings here given are before deducting taxes.
c Deducting other expenditures for repairs, replacements and general expenses, net income applicable to interest on bonds in January was \$109,008, against \$1,562 last year. This is the result in Mexican dollars retained (according to the company's method of keeping its accounts) as equivalent to 80 cents in United States money—that is, all depreciation beyond 20 per cent has already been allowed for.

d Figures for 1896 do not include results on Albany Fla. & No., while those for 1895 do.

e Results of coal mining operations only.

f Including other income, the net from January 1 to February 29 was \$143,568, against \$81,240, and from July 1 to February 29 \$448,474, against \$68,221.

g Included in expenses for January, 1896, is \$4,722, and from July 1 to January 31, 1896, \$107,197, which in former years would have been charged to betterments.

h Includes operations of the Chicago Burlington & Nor. for both years.
i Includes only one-half of lines in which Union Pacific has a part interest. Figures are given exclusive of results on Oregon Railway & Navigation, Union Pacific Denver & Gulf, Fort Worth & Denver City, Leavenworth Topeka & Southwestern and Montana Union.

j Includes Atlantic & Pacific systems and affiliated roads.

k Including income from ferries, &c.

* After allowing for other income received.

† These charges are simply for taxes and rentals of leased lines and do not include bond interest.

‡ After allowing for traffic guaranty from K. C. Ft. Scott & Memphis.

STREET RAILWAYS AND TRACTION COMPANIES.

The following table shows the gross earnings for the latest period of all STREET railways from which we are able to obtain weekly or monthly returns. The arrangement of the table is the same as that for the steam roads—that is, the first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for

STREET RAILWAYS AND TRACTION COMPANIES.

Street Railway Net Earnings.—In the following we show both the gross and the net earnings to latest dates of all STREET railways from which we have been able to procure monthly returns. As in the case of the steam roads, the returns of the different roads are published by us each week as soon as received, and once a month (on the third or the fourth Saturday of the month) we bring all the roads reporting together, as is done to-day.

Texas & Pacific Railway.

(Report for the year ending Dec. 31, 1895.)

President George J. Gould says in part:
General Results.—The decrease in earnings is almost wholly due to an exceptionally poor cotton crop, both in Texas and Louisiana, the sales of cotton moved in 1895 being 455,649, contrasting with 672,336 in 1894, and the revenue therefrom \$1,071,490 against \$1,414,199 in 1894. While cotton averages but 8 per cent of your total tonnage it is a product in the transportation of which your company derives its largest revenue. The cotton shortage has been partly compensated by the largest corn crop ever produced in Texas, and by a greater movement of cattle.

Your company ends the fiscal year practically free from floating debt, with its line in better physical condition, both as to roadbed, structures and equipment, than at any time in its history, with its earning capacity enlarged by additional facilities for carrying on its business, and with the promise of a very prosperous future. The things that particularly offer encouragement are the gradual and steady increase of population along your line; the marked increase in its local business; the growth of commercial industries in its territory, and consequently the steady growth in its earning power.

The wisdom of the conservative policy adopted by your management in devoting, during the past few years, all surplus earnings to the development of the earning capacity and improvement of the physical condition of your property has been fully demonstrated during the past short crop year. It is within bounds to say that if such policy had not been carried out your company would have closed the year burdened with floating debt and with its earning power greatly impaired.

Denison & Pacific Suburban.—To avoid threatening litigation, growing out of a contract made some years ago, an

agreement was entered into by your company in May last to build a line of road from a point three miles east of the town of Sherman to the town of Danison, in all, with sidings, about 9½ miles, citizens of Danison donating the entire right of way and ample terminals for the purpose. The line was built under a suburban railway charter (Danison & Pacific Suburban Ry.), and is now open for traffic. The entire capital stock and a first mortgage lien of \$100,000 on the property will be placed in the treasury; the bonds will be guaranteed by your company.

Trackage to El Paso.—The road from Sierra Blanca to El Paso, 92 miles, is owned by the Galveston Harrisburg & San Antonio Ry. Co. (Southern Pacific), and is operated jointly under contract of lease, your company paying as rental 6 per cent on \$10,000 per mile and one-half the cost of maintenance and taxes. This arrangement involved during the past year a total outlay of \$203,659. It is a question whether it would not be best to build our own line into El Paso, which we could do at comparatively light cost, the line being already graded, and with a mileage considerably less than the present line.

Automatic Couplers, Etc.—To complete by Jan. 1, 1893, the equipment of your rolling stock with air brakes and automatic couplers, in compliance with the law, on the present basis of cost, would involve an expenditure of about \$350,000.

Financial Condition.—The financial condition of your company on December 31 was most satisfactory. It closed the year entirely free from floating debt. During the year the following were canceled: Demand notes, \$150,000; car trust notes, \$111,149; total, \$261,149. In addition there were purchased for the maintenance of the property and paid for in cash: 11,778 tons of steel rails, with fastenings, \$233,435, 300 box cars, \$152,700, amounting to a total of \$436,135.

Maintenance, Etc.—As to maintenance the report says.

During the year 539,755 cross-ties and 230 sets of switch-ties were placed in the track, and about the same number will be required during 1896. The ballast placed under the track during the year, mostly in gravel and cinders, aggregated about 53 miles.

During the past three years there has been a reduction of wooden bridging of about 13,000 feet, or three and one-half miles, at a cost in 1895 of \$17,507. There was a net increase in side tracks and spurs during 1895 of 9 miles, 1,950 feet. There still remains a large amount of new business that could be readily developed by judiciously placing spur tracks on that line. The amount of new fencing constructed during the year was 25¼ miles, making a total so far constructed of 1,555 miles of single fencing, or 779 miles of line fenced on both sides.

The track yet in iron is: Main track, 123 miles; branches, 25 miles. During the year your company purchased, for cash, 11,778 tons of 75-lb. steel rails, sufficient to lay 100 miles of track. To complete the laying of the entire line in steel it will require an addition of about 9,000 tons, which should be purchased during the coming year.

Statistics.—The comparative statistics of operations, earnings, income account, and the general balance sheet, for four years, have been compiled for the CHRONICLE as follows:

NOTE.—Losses for years 1891 to 1894, under leases of Wisconsin Central Co. (including Chicago & N. P. RR.), Seattle Lake Shore & Eastern RR. Co., and Puget Sound & Alaska SS. Co., are not deducted in this statement.

—V. 62, p. 503.

Union Pacific Denver & Gulf Railway.

(Report for the year ending Dec. 31, 1895.)

Receiver Frank Trumbull says in substance:

Colorado Central Coupons.—Interest on Colorado Central bonds, aggregating \$335,160, was paid as in the previous year, thus preventing possible dismemberment of the system. Coupon maturing January 1, 1895, was paid Feb. 16, 1895, and coupon maturing July 1, 1895, was paid Oct. 2, 1895.

Equipment.—During the year 1895 were purchased 400 freight cars, 32 of which have been charged into expenses, to recoup depreciation of equipment on account of cars destroyed. The total cost of new equipment was \$170,433, of which \$62,448 remained unpaid December 31, 1895, which amount, however, has since been reduced to \$42,698. The necessity is still felt for the 6 locomotives mentioned in last report.

Trackage Agreement with Denver & Rio Grande.—As to this agreement the receiver says:

Under contract of June 2, 1897, this company was paying to the Denver & Rio Grande \$185,000 per annum. Under orders of Court 27½ miles of road were constructed and opened for business on Aug. 16, 1895, the new arrangement with the Denver & Rio Grande going into effect on that date. Under the new contract the rental for 58.85 miles of road from Pueblo to Walsenburg is fixed at \$85,000 per annum for the period of the receivership, with an option in favor of the successor company, which may by reorganization take over this property to continue the same arrangement for ten years thereafter, if it desires to do so. The result of connecting up this company's broken lines north of Trinidad, and connecting the same to Walsenburg, has therefore been the saving of about \$350 per annum per mile of road used, and a gross annual saving in rental of \$100,000 from August 16, 1895.

Receiver's Certificates, Etc.—Under the orders of the Court above referred to, receiver's certificates were issued to the amount of \$300,000, dated May 1, 1895, and payable three years after date (or before by giving three months notice), bearing interest at the rate of 6 per cent per annum. These certificates were all outstanding December 31, 1895, but it is hoped that the income for the year 1896 will be sufficient to retire part and that all may be canceled by July 1, 1897.

Physical Condition.—The physical condition of the property has been much improved during the year. Steel rail was laid as follows: 56 lb., 10.44 miles; 70 lb., 15.83 miles; 65 lb., 7.19 miles; total, 33.49 miles.

Betterments, aggregating \$110,806, were made during the year and charged into operating expenses (including \$52,468 87 for rail) and additions to the property, aggregating \$24,080, were charged to improvement account. Outside of the steel rail above mentioned, the most significant items of betterments are: New fencing, 96 62 track miles, \$17,445; Fountaine River bank protection (dykes), \$10,640; the number of cross-ties laid in track during the year was 257,729; the estimated requirement for 1896 is 233,500.

Statistics.—The financial results for four calendar years were as follows:

EARNINGS, EXPENSES AND CHARGES.				
	1895.	1894.	1893.	1892.

—V. 62, p. 366.

Cleveland & Pittsburg Railroad.

(Report for the year ending Nov. 30, 1895.)

President R. F. Smith says:

The volume of business for 1895 is without precedent in the history of the property. The tonnage carried reached an aggregate of 5,189,510 tons, against 3,928,613 tons in 1894, an increase of 1,265,897 tons, or 32.26 per cent. The increase in tons carried one mile is still larger, being 35.56 per cent. The passenger business, although very fair, compares less favorably, the increase in revenue being 05.39 per cent. The lessee reports expenditures during the year for account of betterments of \$298,741. No issues of bonds were made during the year on this account.

Earnings and charges are reported by the lessee as follows:

	1895.	1894.	1893.
Earnings—			
Passenger.....	615,658	584,186	641,767

Texas Central Railroad.

(Report for year ending Dec. 31, 1895.)

Vice-President and General Manager Chas. Hamilton says: The decrease in freight earnings was caused by a decrease of 30 per cent in the amount of cotton produced in the country tributary to the road during the year 1895. The operating expenses are kept down to the lowest possible limit consistent with good management and safety.

Operating Expenses.—The operating expenses and taxes in 1895 include conducting transportation, \$39,733; motive power, \$54,171; maintenance of cars, \$13,107; maintenance of way, \$67,245; general expenses, \$20,300; taxes, \$9,820; total, \$205,376. The following payments, which are outside of actual operating expenses, were made during the year: New steel rails, \$28,205; fastenings, \$3,438; new steel bridges, \$11,861; masonry, \$9,451; fencing, \$1,250; filling restles, \$2,765; ballast, \$1,519; new equipment, \$1,037; total, \$62,530. The equipment is: Locomotives, 10; passenger cars, 13; freight, etc., cars, 224.

Physical Condition.—A very decided improvement has been made, and is constantly being made, in the physical condition of the property. During the year 1,036 tons of new steel rail, together with fastenings, were purchased at a cost of \$31,843. The rails were not received during the period covered by this report, but have since come to hand and are now being laid in the track. Two miles of track were ballasted during the latter part of the year at a cost of \$1,519 17. In the amount charged to maintenance of way is included 48,300 cross ties, costing \$22,550, an average of 47 cents each.

Statistics.—The earnings and balance sheet have been as follows:

	1895.	1894.
Earnings—		
Passengers.....	70,214	64,273

New York & New Jersey Telephone.

(Report for the year ending Dec. 31, 1895.)

The report of President Charles F. Cutler speaks of the growing needs of the company to meet its growing business. The total number of exchanges Jan. 1, 1896, was 11,883, contrasting with 10,102 Jan. 1, 1895. During the year the trunk line system was extended throughout the entire length of Long Island, and before the summer of 1896 every important point on the Island will have telephone communication with the system throughout the country. The first mortgage 6 per cent bonds for \$375,000 have been paid off and \$350,000 5 per cent bonds of 1890 have been sold at a substantial premium. This refunding constitutes the issue of general mortgage bonds of 1890, the first and only general lien on your property.

Earnings, charges, etc., have been as follows:

	1895.	1894.	1893.	1892.
Gross earnings.....	1,405,882	1,252,509	1,133,832	1,050,125

Brooklyn Wharf & Warehouse Company.

(Report for the year ending Jan. 31, 1896.)

Referring to the figures below, President Thos. A. McIntyre says:

This showing is considered as very satisfactory, in view of the conditions that have prevailed during the year. The company was under great disadvantages during the first three or four months because it did not have control of all its property. We have been able to institute many economies, but most of them did not take effect until several months after the company had been organized, and for that reason our profits for the next year will be largely increased from that source. Statistics show that this company has received more than its full share of the business of this port.

The physical condition of the property has been well maintained, and many betterments and increased facilities have been added. As contracts have expired uniform rates have been made and maintained. Exorbitant rates would only invite harmful competition and criticism.

After a year's close attention to the business I have more confidence in the enterprise than ever. With business at the lowest ebb in the great majority of the departments, we have been able to more than earn our fixed charges. The slightest improvement in the general business of the country would very materially increase our earnings.

PROFIT AND LOSS ACCOUNT YEAR ENDING FEB. 1ST, 1896.

Gross receipts from storage, merchandise and grain, wharfage, rents, etc.	\$1,675,637
Expenses, including rent, labor, insurance, coal, gas, repairs, office salaries, taxes, dredging, stationery, and all other general expenses, including depreciation of tools and machinery, etc.	654,520
Net earnings	\$1,021,167
Interest on bonds	800,000
Balance, surplus for year.	\$221,167

Albany Ry.—New Stock.—The stockholders voted Saturday, March 14, an increase of \$500,000 in the capital stock. This will make the total capital \$2,000,000.—V. 62, p. 184.

American Bell Telephone—New Stock.—The directors have voted to submit to the stockholders at the annual meeting of the company, March 31, the question of increasing the capital stock of the company to an amount not named.

Patent Suit.—The Berliner patent case is to be argued before the Supreme Court October 19. The company expects the decision of the Court of Appeals in favor of the Bell Telephone Company will be sustained.—V. 62, p. 39.

Baltimore & Ohio RR.—Baltimore Reorganization Committee.—A committee has been formed in Baltimore to represent all the securities of the system. It consists of Alexander Shaw, Chairman; C. Morton Stewart, John Gill, J. G.

Harvey, T. Edward Hambleton, James L. McLane, William A. Fisher and D. Fahnestock, with John M. Nelson as Secretary, 9 South Street, and Brown & Brune as Counsel. This committee announces that it has consented to act at the request of the Johns Hopkins University, the financial institutions of Baltimore, and other of the largest security holders, and that it proposes:

(1.) To act for the stockholders and all the bondholders of the system, omitting none; and to call for the deposit of these securities when, in its judgment, it may be necessary to do so.

(2.) To seek to preserve the integrity of the system. It is believed that, under proper management and by such concessions as may be necessary, the property can, in a reasonable time, be restored to its former prestige without affecting its charter rights.

(3.) To represent in any litigation the interests of all the bond and stockholders whose securities may be deposited under such agreement as may be considered most desirable.

Ex-Judge Wm. A. Fisher is representative of 30,000 shares of stock owned by Miss Mary Garrett. The Johns Hopkins University holdings consist of \$1,000,000 of the first preferred. A majority of all the stock is owned in Baltimore, but the bonds are less largely held there.

The New York Evening Post says: The impression has gained ground that the New York committee will recommend assessments on the stock, and consequently the Baltimore committee, in its desire to protect the stock, may be regarded as being in that sense antagonistic. The original committee, as a matter of fact, has as yet come to no decision, even a tentative one, concerning the probable amount of the assessments. It is even now awaiting the completed report of Mr. Little before going on with its work.

Major Shaw, chairman of the new committee, is quoted as saying: "Our purpose is solely to protect the interests of the millions of Baltimore & Ohio securities held in Baltimore," a main object of the committee being the prevention of foreclosure and sale.—V. 62, p. 455.

Boston Terminal Co.—New York New Haven & Hartford RR.—Boston & Albany—New England RR.—Old Colony RR.—New Union Station.—The bill introduced in the Massachusetts Legislature to incorporate the Boston Terminal Company to construct a great union passenger station in the southerly part of Boston provides that the Boston & Albany, New England, Boston & Providence, Old Colony and New York New Haven & Hartford RR. Companies may each hold one-fifth the capital stock, and shall pay as rental in monthly installments, and in proportions to be determined, sums in the aggregate, sufficient to pay all taxes, expenses of maintenance, interest on bonds and 4 per cent on the capital stock of the Terminal Company.—V. 62, p. 276, 503, 503.

Brigantine Beach RR.—Philadelphia & Brigantine RR.—Sale and Reorganization.—At Atlantic City, March 19, the Brigantine Beach RR. was sold to George H. Cook and others, and reorganized under the name of the Philadelphia & Brigantine RR. Co.—V. 62, p. 456.

Buffalo Ry.—Buffalo Traction.—Agreement—These companies have made an amicable arrangement by which it is understood the Traction Company in building its lines agree to amend its route so as not to parallel the lines of the Railway Company in many places where new lines are not absolutely essential to the completeness of the Traction Company's system. In return the Railway Company will allow track rights over certain portions of its road to the Traction Company cars.—V. 62, p. 185, 319.

Butte & Boston Mining—Receivers—Judge Knowles, at Missoula, Mont., has appointed J. F. Forbes and Capt. Conner receivers of this company. Interest due March 1 remains unpaid and reorganization is proposed. The company has listed on the Boston Stock Exchange \$5,000,000 stock (par \$5), \$1,000,000 first mortgage gold 7s, due 1893, interest M. & S. and \$2,500,000 consolidated gold 7s, due 1913, interest A. & O.

Reorganization Committee.—A committee in Boston consisting of E. Rollins Morse (Chairman), Samuel Carr, Gordon Abbott, William A. Gaston, Thomas Nelson (Secretary), give notice to the holders of first mortgage bonds, consolidated mortgage bonds, the stockholders and creditors, that an agreement has been prepared under which deposits of claims and securities may be made with the Old Colony Trust Company of Boston until March 31, 1896.

Chicago & Northern Pacific RR.—In Tentative Reorganization.—The promulgation of the Northern Pacific plan, it is said, will facilitate the adjustment of claims between that company and the Chicago & Northern Pacific, and an early foreclosure decree may be expected which will be followed by a plan of reorganization. The first paragraph of the Northern Pacific plan provides in the following words for the abandonment by that company of Chicago as a terminus:

"First.—The abandonment of Chicago as the eastern terminus and the limitation of the railway on the east by the Mississippi River and the Great Lakes.

"The bonds and stocks of the Chicago & Northern Pacific Railroad Company and the Chicago & Calumet Company, or their successor companies, remaining as Northern Pacific assets, will be disposed of when they can be sold advantageously and their proceeds applied to the benefit of the property."—V. 62, p. 413.

Choctaw Oklahoma & Gulf RR.—Stock in place of Bonds.—The Philadelphia Ledger says: "The recent weakness in Choctaw shares and securities is due to rumors of a proposed issue of new preferred stock, to be given in exchange for 25 per cent of the outstanding general mortgage 5s, which the holders may be asked to surrender to the treasury of the

company. It is also proposed to ask the income bondholders (\$1,097,000) to surrender their holdings to the company and accept preferred stock for the bonds. The exchange of preferred stock for about 25 per cent of the \$4,141,000 outstanding general mortgage 4s will reduce the fixed charges about \$60,000 per annum. It is also proposed to retire the car trust certificates of the company, which mature at the rate of \$50,000 per annum. The company intends to extend its line about 12 miles to make a connection with the Kansas City Pittsburg & Gulf Railway.—V. 62, p. 183.

Cincinnati Lebanon & Northern RR.—Cincinnati Jackson & Mackinaw Ry.—Extension.—The recent purchase of the Cincinnati Lebanon & Northern, it is said, was made for the Middletown & Cincinnati Railroad, which operates a line from Middletown to Middletown Junction, O., 15 miles, crossing the Lebanon road at Hegeman, near its southern terminus. It is presumed that the two roads will be used as a Cincinnati connection for the Cincinnati Jackson & Mackinaw Road, when the latter shall have been extended, as proposed, from Franklin to Middletown, a distance of 10 miles.—V. 62, p. 502.

Cincinnati & Muskingum Valley Ry.—Coupon Payment.—Coupon No. 34, for six months' interest, due January 1, 1888, upon the first mortgage bonds of this company, will be paid at the banking house of Winslow, Lanier & Co., No. 17 Nassau Street, New York City, on presentation, on and after April 1, 1896.—V. 61, p. 151.

City & Suburban Ry. (Baltimore).—Guaranty.—The following is the guaranty endorsed on the Lake Roland Elevated first mortgage bonds:

For value received, the City & Suburban Railway Company hereby guarantees unconditionally the punctual payment of the principal and interest of the within bond at the time and in the manner therein specified, and covenants in default of payment of any part thereof by the obligor to pay the said principal and interest of the within bond as the same shall become due upon demand of the holder thereof.

[Signed by President and Secretary.]—V. 62, p. 413.

Columbus Hocking Valley & Toledo RR.—Annual Meeting.—At the fifteenth annual meeting on Tuesday directors were elected as follows: Three years—Samuel D. Davis, New York; Thomas F. Ryan, New York; C. B. Alexander, New York. Two years—W. A. Mills, Columbus; Calvary Morris, Cleveland; James W. Ellsworth, Chicago. The following hold over: Calvin S. Bice, Hon. James Kilbourne and P. W. Huntington, W. A. Mills succeeding Mr. Waite as director. Samuel D. Davis is First Vice-President, C. B. Alexander Second Vice-President and W. A. Mills General Manager. The office of the president will remain unfilled for the present. The advance statement of earnings for the year 1895 was in the CHRONICLE of Jan. 25, page 182.—V. 62, p. 413.

Florida Midland Ry.—Sold in Foreclosure.—This road was sold in foreclosure March 2 to M. E. Bishop, of Orlando, Fla., for \$25,500. L. O. Garrett, of Boston, also bid for the property.—V. 61, p. 470.

Grand Rapids & Indiana RR.—Reorganization Plan.—The CHRONICLE is informed by the company that no plan of reorganization has yet been formulated, and that none will probably be offered to the security holders until after the sale, which will take place within a few weeks.—V. 62, p. 502.

Houston City Street Ry.—Date of Foreclosure.—The foreclosure sale has been ordered for May 5, the upset price being \$100,000.—V. 62, p. 277.

Indiana Illinois & Iowa RR.—Earnings 1895.—At a meeting of the board of directors held March 2 the following report of earnings for the year ending Dec. 31, 1895, was submitted: Gross, \$766,690; net, \$226,876; interest on first mortgage bonds, taxes and rentals, \$87,622; balance, net income for the year, \$139,253. The usual 4 per cent interest on income bonds was declared. There are \$457,500 incomes outstanding.—V. 60, p. 748.

Iowa Central RR.—Option to Subscribe.—Stockholders of the old Central Iowa who paid their assessment have the option till April 1 of subscribing to their pro rata share of the stock of the reorganized company which was not allotted in the reorganization, owing to failure on the part of some holders to pay their assessments. The sale of this stock has heretofore been prevented by litigation.—V. 61, p. 467.

Kansas City & Northern Connecting RR.—Increase of Stock.—The authorized stock has been increased from \$1,000,000 to \$2,000,000. The company was organized last June by directors of the Kansas City Pittsburg & Gulf road, which controls the existing Kansas City Suburban Belt road.

Lehigh Valley RR.—New Car Trusts.—Brown Brothers & Co. have placed an issue of \$1,000,000 5 per cent ten-year gold car trust certificates secured by \$1,200,000 worth of new cars, the contracts for which were placed late last year. Part of the cars are now in service and the remainder are being delivered as rapidly as possible. The annual report (CHRONICLE, Jan. 18, page 134), referred to this issue.—V. 62, p. 414.

Long Island Electric Ry.—Franchise Granted.—A franchise has been granted to this company to run tracks through Far Rockaway. This is understood to complete the franchises necessary to enable the running of trolley cars from the Brooklyn ferries to Rockaway Beach by way of Jamaica.

Marietta & North Georgia RR.—Re-sale.—Judge Newman has ordered this road to be re-sold, the Tennessee end at Knoxville on April 23 and the Georgia end April 25, provided the Atlanta, Knoxville & Northern Construction Company does

not make the second payment of \$157,500 before April 15. The upset prices and all the conditions of sale remain as prescribed in the decree of Oct. 10, 1895, except as to time and apportionment of proceeds. The sale is to be made for the account of the construction company, which will be held liable for any shortage arising from the difference between the two sales and the expense of advertising.—V. 62, p. 502.

Metropolitan Traction (Chicago).—Franchise Asked for.—This company on Monday applied for a franchise to authorize the building of an underground railway in the territory from Twelfth Street to State Line.

Metropolitan Traction—Metropolitan Street Ry. (N. Y. City).—Quarterly.—Earnings of the railway company for the quarter and the six months ending Dec. 31 were:

3 mos. end. Dec. 31.	Gross earn'gs.	Net earn'gs.	Other income.	Interest, taxes, &c.	Balance, surplus.
1895.....	\$1,834,121	\$912,105	\$18,156	\$592,306	\$317,455

Mexico City Street Ry.—Purchase.—The report is confirmed that American capitalists have purchased the entire street railway system of the City of Mexico at a price stated to be \$7,750,000. Electricity will be introduced as motive power. Channing F. Meek, of 841 Broadway, New York, represented the purchasing syndicate, of which Henry H. Butters, of San Francisco, is the head.

Missouri Pacific Ry.—St. Louis Iron Mt. & Southern Ry.—Security for Gold Funding Notes of 1895.—The securities deposited to secure these funding notes are as follows:

SECURITIES DEPOSITED TO SECURE MISSOURI PACIFIC 5 PER CENT GOLD FUNDING NOTES.	Par value.	Valuation for purposes of withdrawal.

Nassau Electric RR.—Lease.—The Brooklyn Traction stockholders met April 4 to act on the proposed lease. The committee announces that the deposits under the plan are progressing satisfactorily, more than three-quarters of the Brooklyn Traction stock having been deposited with the Continental Trust Company. The time for deposits has been extended to March 21.—V. 62, p. 456.

New York Central & Hudson River RR.—Quarterly.—Earnings for the quarter and the nine months ending March 31 have been reported as follows, March, 1895, estimated.

3 mos. end. Mar. 31.	Gross earn'gs.	Net earn'gs.	First charges.	Divid's paid.	Balance sur. or def.
1896 (est.)..	10,484,600	3,329,000	2,614,000 (1%)	1,000,000	dt. 315,000

—V. 62, p. 278.

New York & New Jersey Bridge.—Plans Approved.—The Secretary of War having approved all its plans, the question of financing this enterprise is next in order.—V. 61, p. 925.

New York New Haven & Hartford RR.—Bonds Extended.—The holders of the New Haven & Northampton convertible bonds have nearly all verbally assented to an extension for eight years from July 1, 1896, at 5 per cent, but without the right of conversion into stock, and the holders sign a contract that the conversion right is waived and released, and the bonds are stamped as follows:

Payment of principal of this bond is extended to July 1, 1904, with interest at 5 per cent per annum, payable January 1 and July 1 in each year, the holder having released the right to convert this bond into stock.—V. 62, p. 503.

New York New Haven & Hartford RR.—Charges to Operating Expenses.—President Clark is quoted as saying: From July 1, 1895, to Feb. 1, 1896, the gross revenue of the road was \$2,000,000 greater than for the corresponding seven months of the previous year. The operating expenses increased nearly the same amount, but they include more than \$1,000,000 of charges to offset depreciation. In addition,

\$250,000 is to be charged to the interest account accrued on the original cost of the New England road's securities. It is hoped that the four-tracking will be completed through Stamford by July 1. There still remains the Bridgeport problem to be solved.—V. 62, p. 503.

Northern Pacific RR.—Reorganization Plan.—The reorganization plan published on Monday is given in full on subsequent pages of this issue. In our editorial columns are comments on its leading features, while under the heading "Annual Reports" is furnished the corrected statement of earnings and charges on which the plan is based. The conversion of the general first mortgage bonds upon the terms set forth is recommended by Messrs. J. P. Morgan & Co., August Belmont & Co. and Winslow, Lanier & Co., who originally issued those bonds, as well as by the German Committee of General First Mortgage Bondholders.

As regards the Great Northern, the Ives Committee in recommending the plan says:

"In view of the prominence given last year to reported efforts to reorganize the property on lines which if followed out would have destroyed its independence and which would have been unduly severe on stockholders, it is proper to say that in the present plan every precaution has been taken to insure the preservation of the autonomy of the company and to reorganize it on a strictly independent basis."

Plan Approved.—The plan has been very favorably received and its success is generally considered to be assured, all the leading interests having been harmonized prior to its being issued. The Adams Committee and the Stockholders' Protective Committee, Brayton Ives, Chairman, endorse the scheme, as do also the representatives of a majority of each issue of the mortgage bonds upon which the reorganization is based, including the united committee in Berlin. The plan is further underwritten by a syndicate representing \$45,000,000 formed by J. P. Morgan & Co., of New York, and the Deutsche Bank, of Berlin.

The Stockholders' Protective Committee says:

The committee believe that this plan involves the minimum of sacrifice and is the best that can be carried out under existing conditions. The total fixed charges and dividends upon the preferred stock, prior to dividends on the common stock, are under the old company \$13,726,854, as compared with \$8,952,660 proposed under the new company; a reduction of \$4,774,194, which is nearly equal to 6 per cent on the new common stock. The increase in earnings of over \$2,000,000 in eight months of the present fiscal year shows that the region through which the road runs is growing as rapidly as any part of the country. Given efficient management, a road equipped so as to compete advantageously with its rivals, and ample financial resources, stockholders should have every inducement to pay the assessments and to hope that they may in the future retrieve to a considerable extent the losses brought on them by past mismanagement.

The announcement by the Livingston Committee, representing the second mortgage bonds, and by the Rolston Committee, representing the collateral trust notes, of their approval of the plan will be found on another page.

Exchange of Securities.—For convenience the facts embraced in the reorganization plan regarding the exchange of old for new securities are here given in tabular form:

Old secur's as follows receive:	New		New		Pref.		Com.	
	Cash.	Mort.	Pr. Lien	G't Lien	8 1/2 Tr.	8 1/2 Tr.	St'k Tr.	St'k Tr.
General first mortgage bonds.....	*3%	135%						
General second mort. bonds.....	14%	119 1/2%						
General third mortgage bonds.....	13%		118 1/2%				50%	
Dividend certificates.....	13%		118%				50%	
Consolidated mortgage bonds.....	11 1/2%		66 1/2%				62 1/2%	
Collateral trust notes.....	17%	100%					20%	
Northwest equipment stock.....	1100%							
Depositors of preferred stock— for payment of a sum equal to \$10 per share.....							50%	50%
Depositors of common stock— for payment of a sum equal to \$15 per share.....								100%

*Payable April 1, 1896; represents the coupon due July 1, 1896.
 †Payable 60 days after the plan shall have been declared operative.
 ‡Payable 3 per cent on May 1, 1896; 4 per cent on January 1, 1897.
 §Payable at any time, in the discretion of the managers, on or before completion of reorganization, with interest at 6 per cent per annum from June 1, 1896.

Branch Line Bonds.—Holders of the branch line bonds mentioned in the plan are requested to communicate with Messrs. J. P. Morgan & Co., New York, or with the Deutsche Bank, Berlin, giving the amount of their holdings, and stating whether held in bonds or certificates of deposit. It is deemed necessary to consider each case separately, and after hearing from a large proportion of each class of the bondholders, steps will be taken to arrive at some fair basis of adjustment, for which general lien 3 per cent bonds and new preferred stock trust certificates have been reserved.

Depositories.—The depositories for all securities are: J. P. Morgan & Co., New York; Drexel & Co., Philadelphia; Deutsche Bank, Berlin, and its branches at Frankfurt-on-Main, Bremen, Hamburg, Munich and London.

Third Mortgage Bonds.—The protective committee representing these bonds considers the plan unduly severe on the third mortgage, and therefore calls a meeting for April 2 of holders of certificates issued by the New York Guaranty & Indemnity Company to act on a proposition authorizing the committee to incur expenses against the bonds and to determine the further action of the committee.

See advertisements on another page.—V. 62, p. 503.

Northern Pacific & Montana RR.—Duluth & Manitoba RR.—Examination of Property.—The bondholders' committee representing the Northern Pacific & Montana and the Duluth & Manitoba are sending a railroad expert to examine

the two properties. The Duluth & Manitoba road is said to be making an excellent showing of earnings.—V. 59, p. 1104; V. 61, p. 196.

Nypano RR.—Erie RR.—Securities Deposited Under Erie Mortgage.—The reorganization of the Nypano RR. Co., the successor company to the New York Pennsylvania & Ohio recently foreclosed, has been completed, and its \$20,000,000 each of stock and bonds has been deposited to secure the new Erie consolidated mortgage agreeably with the plan of reorganization.—V. 62, p. 457, 502.

Oregon Short Line & Utah Northern Ry.—Reorganization—Utah Southern Bonds.—The committee, of which Alexander H. Stevens is President, announces that on March 26 the holders of certificates of deposit for first general mortgage bonds of the Utah Southern RR. Co. and first mortgage bonds of the Utah Southern Railroad Extension will meet for the purpose of considering the acceptance of their organization plan published in the CHRONICLE last week on pages 504 and 505. After careful consideration this committee approves the plan and recommends to the bondholders to accept the same.

Reorganization.—A meeting of the holders of certificates for Oregon Short Line & Utah Northern Railway Company consolidated first mortgage 5 p. c. bonds and collateral trust bonds, deposited with the New York Guaranty & Indemnity Company, or the American Loan & Trust Company of Boston, will be held on April 6 at the office of the Guaranty Trust Company, 59 Cedar Street, to consider the plan of reorganization, which was published in the CHRONICLE last week.

The reorganization committee of the Oregon Short Line & Utah Northern Railway Co. gives notice to the holders of all classes of the company's securities, and of receipts issued therefor, that the plan of reorganization, dated Feb. 20, has been approved by all committees representing securities affected by it. Holders of the securities of the company are therefore advised to deposit them, or the certificates representing them, on or before April 15, that they may be stamped as assenting to the plan. A list of the several depositories and of the securities that should be deposited with each is printed in an adjoining column. Committees representing the consolidated bonds and the collateral trust bonds of the Oregon Short Line & Utah Northern Railway Co. advise their constituents to present their certificates at once to the Guaranty Trust Co., of New York, or the American Loan & Trust Co., of Boston, that they may be stamped as assenting to the plan of reorganization.—V. 62, p. 504.

Oregon Short Line & Utah Northern Ry.—Oregon Ry. & Navigation.—Reorganization Plan.—The Oregon Short Line plan published last week provided for payment of the \$1,000,000 assessment called for by the Navigation Company's plan on the stock of the Or. Ry. & N. Co. owned by the Short Line. The new Short Line Company will therefore continue to control the Navigation Company through ownership of a majority of the \$24,000,000 capital stock to be issued under the latter's plan. The assessment it is stated has already been paid.—V. 62, p. 503, 504.

Pennsylvania Heat, Light & Power.—Third Instalment.—Stockholders are notified that the third instalment of 10 per cent, being \$5 per share, on the preferred stock, is payable on or before March 25, 1896.—V. 62, p. 415.

People's Cable Ry.—Kansas City.—Sold in Foreclosure.—This property was sold in foreclosure on Saturday, March 14, and purchased for \$185,000 by J. H. Lucas in the interests, it is said, of creditors. The name of the real purchaser is withheld.—V. 60, p. 1106.

Philadelphia Reading & New England RR.—Reorganization.—The Wilson Committee, it is reported, has notified the Girard Life and Trust Company to discontinue receiving series A and B income bonds under the plan recently issued, and to receive only the first mortgage bonds.—V. 62, p. 365.

St. Louis & San Francisco Ry.—Tour of Inspection.—President Ripley, Chairman Walker, and directors Cheney, Gleed, Fowler, Gibbs, Hayes and Morawetz, of the Atchison, accompanied by Mr. Alsberg, of Amsterdam, representing the "Frisco" foreign bond interests, are making an inspection tour of the St. Louis & San Francisco.—V. 62, p. 366.

San Diego Land & Town.—Reorganization.—Mr. B. P. Cheney, Chairman of the reorganization committee, announces that the committee, having purchased a majority of the outstanding bonds of the company, under the plan, at 95 and interest, will pay the remainder at 95 Milk Street, Boston, interest ceasing March 21.—V. 62, p. 234.

Southern Pacific RR.—Central Pacific RR.—Liable for Taxes in California.—At Washington, March 16, the Supreme Court, affirming the decision of the Supreme Court of California, held the franchise, capital stock, &c., of these companies to be taxable under the laws of that State. Justices Field and Harlan dissented.—V. 61, p. 28; V. 62, p. 456.

Tiffin Electric Street RR.—Judicial Sale.—The judicial sale of this road is advertised for April 13 at Tiffin, O.

Thirty-Fourth Street Cross Town Ry. of New York.—Consolidation.—Under this title have been consolidated the Thirty-fourth Street RR. and the Thirty-fourth Street Ferry & Eleventh Avenue RR. Cos. The capital stock is \$1,000,000. The line is operated by the Metropolitan Street Ry.—V. 60, p. 83.

For other Investment Items see page 553.

VICTOR MORAWETZ,
Counsel to the Reorganization Managers. NEW YORK, March 16, 1896.

OFFICE OF THE
NORTHERN PACIFIC REORGANIZATION COMMITTEE,
MILLS BUILDING, NEW YORK, Mar. 16, 1896.

To the Holders of the Bonds and Stocks Issued or Guaranteed by the Northern Pacific RR Co.:

The property of the Northern Pacific Railroad Company comprises, in various forms of ownership and control,
A Railway System of 4,706 miles;

A Land Grant of about 43,000,000 acres, and
Sundry Bonds, Stocks and Accounts, representing interests in Terminal, Express, Coal and Navigation Companies.

This property is represented by fifty-four corporations, which have issued \$380,000,000 of Bonds and Stocks, of which all are now outstanding, and \$271,949,044, including defaulted interest to December 31, 1896, are owned directly by the public.

The present fixed Annual Interest and Sinking Fund Charges amount to.....\$10,509,690 00
The adjusted Net Income from all sources applicable to these Fixed Charges has been:
For the Fiscal Year ending June 30, 1895.....6,015,846 62
And during the past five years has averaged.....7,801,645 78

THE PLAN FOR INDEPENDENT REORGANIZATION OF THE PROPERTY HAS BEEN DRAWN UPON THE FOLLOWING BASIS:

First.—THE ABANDONMENT OF CHICAGO AS THE EASTERN TERMINUS, AND THE LIMITATION OF THE RAILWAY ON THE EAST BY THE MISSISSIPPI RIVER AND THE GREAT LAKES.

The Bonds and Stocks of the Chicago & Northern Pacific Railroad Company and the Chicago & Calumet Company, or their successor companies, remaining as Northern Pacific assets, will be disposed of when they can be sold advantageously, and their proceeds applied to the benefit of the property.

Second.—THE ULTIMATE UNION OF MAIN LINE, BRANCHES AND TERMINAL PROPERTIES THROUGH DIRECT OWNERSHIP BY A SINGLE COMPANY.

So far as practicable the ownership in fee, or otherwise, of the Equipment, Branch Line and Terminal properties (other than the Portland terminal) will be acquired and vested in the new Company and covered by its new mortgages.

Third.—THE REDUCTION OF THE FIXED ANNUAL CHARGES TO LESS THAN THE MINIMUM EARNINGS UNDER PROBABLE CONDITIONS.

The Net Income applicable to Fixed Charges has fluctuated from \$10,067,408 37 in the fiscal year 1891-92 to \$4,449,999 04 in 1893-94. The average of the past five years has been \$7,801,645 78.

The smallest results were brought about by the well-known combination of currency panic, floods, social disorders and short crops, all of which are unlikely to occur again at any one time.

The net income during the last fiscal year, 1894-95, as shown on page 20 of pamphlet, was.....\$5,637,483 49
which should be added allowance for extraordinary expenses of the receiverships of.....358,363 13

Thus making the adjusted Net Income of that year \$6,015,846 62

The gross earnings of the present fiscal year show an increase of about 16 per cent over the gross earnings for the same period of the previous year.

The fixed annual charges under the Plan of Reorganization, when fully carried out (exclusive of bonds reserved for new construction), will amount to \$6,052,660.

Fourth.—AMPLE PROVISION FOR ADDITIONAL CAPITAL AS REQUIRED IN A SERIES OF YEARS FOR THE DEVELOPMENT OF THE PROPERTY AND FOR THE GREATER FACILITIES NECESSITATED BY AN INCREASED BUSINESS.

In their report of September last, the Receivers state "that provision should be made for extraordinary expenditures in the next five years of \$9,000,000, in order to place the property on an equal footing with its rivals for economical operation."

RAILWAY SYSTEM AND ITS MORTGAGE LIENS.

The railroad of the Northern Pacific system is composed of

Main Line.....	45.73%	2,152.35 miles.
Branches.....	54.27%	2,554.09 "
	100 %	4,706.44 "

The General First, Second and Third Mortgage Bonds are secured by liens in their respective order upon the Land Grant and upon the Main Line railroad, as above.

The Consolidated Mortgage Bonds are secured by a fourth lien upon the Land Grant and upon the Main Line railroad, and also by the pledge of First Mortgage Bonds upon various Branch Lines having an aggregate length of 1,415.85 miles.

None of the four mortgages cover (except by leasehold) any of the terminal properties owned by the St. Paul & Northern Pacific Railroad Company, the Northern Pacific Terminal Company of (Portland) Oregon, or the Northern Pacific & Manitoba Terminal (Winnipeg), all of which are owned by separate organizations.

There are other branch roads comprising 1,138.24 miles, the bonds of which are directly owned by the public.

UNITED STATES LAND GRANT.

The Public Lands granted by the United States to the Northern Pacific Railroad Company under its charter July 2, 1864, amounted to 12,800 acres to the mile of track in the States of Minnesota and Oregon, and 25,600 acres per mile in the intermediate Territories.

It is estimated that under this grant the Company is entitled to receive about 43,000,000 acres, of which 22,823,115 acres have been selected as belonging to the Northern Pacific Railroad Company. Of these, United States patents, vesting the title to the fee of such lands in the Company, have been received for 15,939,189 acres.

The operations of the Land Dept., as shown on page 21 of pamphlet, during the past five years, show that from all sources (exclusive of proceeds of sales applicable to the Pref. Stock, or by Trustees of Prior Mortgages to their interest and sinking funds), the total income was.....\$3,076,308 37
while the Expenses and Taxes amounted to.....1,304,143 89

leaving for the Sinking Fund of the General First Mortgage only.....\$1,772,162 98
while for the same period the requirements thereunder amounted to.....3,272,860 00

This deficiency in Proceeds from Land Sales, amounting to.....\$1,500,697 02
was supplied from the Net Earnings of the Operating Department of the Railroad Company.

Of late the diminution of sales of lands applicable to this and other mortgages has thrown upon the transportation earnings of the Company the burden of their Sinking Fund charges.

These charges, with the other Sinking Fund obligations to the public, amounting to \$1,463,763 per annum, will be entirely relieved by the full operation of the Plan of Reorganization.

None of the new bonds will be subject to drawing or compulsory redemption prior to their regular maturity, a feature now quite generally recognized by investors as most desirable. At the same time they will, after the retirement of the present General First Mortgage Bonds, receive all the benefits of the land sales through the mortgage provision that one-half the proceeds thereof, not exceeding \$500,000 in any one year, shall be used in the purchase, at not exceeding 110 per cent, and the cancellation, of Prior Lien 4 per cent Bonds, and when these are not obtainable, then in the purchase, at not exceeding 100 per cent, and the cancellation, of General Lien 3 per cent Bonds, and that the remainder shall be used for betterments and additions to the mortgaged property.

As it now stands, the System in its form of incorporation and capitalization, is a development without method or adequate preparation for growth. Scarcely any single security is complete in itself. The Main Line Mortgage covers neither feeders or terminals. The Terminal Mortgages may be bereft of their Main Line support. The Branch Line Bonds are dependent upon the Main Line for interchange of business, and the Main Line owes a large part of its business to the Branch Lines.

The principal object of the Reorganization Committee has been to preserve the integrity of the System. The Plan now presented for the reorganization of the property is founded upon the idea that its unification means its preservation and prosperity, both of which, it is believed, can now be thus permanently accomplished with the best possible security and results for all interests.

The conversion of the General First Mortgage Bonds upon the terms set forth in the Plan is recommended by Messrs. J. P. Morgan & Co., August Belmont & Co. and Winslow, Lanier & Co., who originally issued those bonds, as well as by the German Committee of General First Mortgage Bondholder

The Plan has been prepared with the approval and cooperation of Messrs. J. P. Morgan & Co. and the Deutsche Bank. The Plan has received the approval of the representatives of a majority of the Bondholders of the three Main Line mortgages in process of foreclosure (the General Second, General Third and Consolidated Mortgages), and of other important interests affected by the terms of reorganization. It has also received the approval of the interests represented by the Protective Committee.

Messrs. J. P. Morgan & Co. and the Deutsche Bank have formed the necessary Syndicate of \$45,000,000; and Messrs. J. P. Morgan & Co. will act as Reorganization Managers.

EDWARD D. ADAMS, *Chairman.*
JOHN C. BULLITT, J. D. PROBST,
LOUIS FITZGERALD, JAMES STILLMAN,
CHARLES H. GODFREY, ERNST THALMANN,
Reorganization Committee.

The undersigned Protective Committee hereby join in recommending the prompt acceptance of the accompanying Plan and Agreement

BRAYTON IVES, *Chairman.* GEORGE R. SHELDON,
AUGUST BELMONT, CHARLEMAGNE TOWER, JR.,
Protective Committee.
SILAS W. PETTIT, *Counsel.*

NEW YORK, March 16th, 1896.

PLAN FOR THE REORGANIZATION
OF THE
NORTHERN PACIFIC SYSTEM.

CONDITIONS OF PARTICIPATION.

Participation under this Plan of Reorganization in any respect whatsoever is dependent on the deposit of securities with one of the Depositaries, Messrs. J. P. MORGAN & CO., 23 Wall Street, New York, Messrs. DREXEL & CO., Fifth and Chestnut Streets, Philadelphia, the DEUTSCHE BANK, Berlin, and its Branches at Frankfort-on-Main, Bremen, Hamburg, Munich and London, within such time as may be fixed by notice, and will embrace only securities so deposited.

No securities will be received on deposit unless in negotiable form, and bonds must carry all unpaid coupons.

Pursuant to the arrangement with a Syndicate herein-after stated

As consideration for shares of the new Company as hereinafter indicated, Depositors of Preferred Stock must also pay \$10 per share for new Preferred and Common Stock, and Depositors of Common Stock must pay \$15 per share for new Common Stock.

The payments by Depositors of such Common and Preferred Stock must be made at the offices of Messrs. J. P. Morgan & Co., New York, or Messrs. Drexel & Co., Philadelphia, or of the Deutsche Bank, Berlin and London, at the option of each depositing stockholder, in not less than three instalments, at least thirty days apart, when and as called for by advertisement in each instance at least twice a week for two weeks in two of the daily papers of general circulation published in the Cities of New York, Philadelphia, London and Berlin, respectively.

All payments must be receipted for by one of the Depositaries on the Certificates of Deposit.

Failure to pay any instalment when and as payable will subject the deposited stock and all rights on account of any prior payments to forfeiture, as hereinafter provided.

Holders of Certificates of the Mercantile Trust Company of New York for General Second, General Third and Consolidated Mortgage Bonds, deposited under the existing Bondholders' Agreement of February 19, 1894, will be entitled to the benefits of this Plan without the issue of new receipts or certificates, provided that, if hereafter required by the Managers and within the time limited therefor, such existing certificates be produced to one of the Depositaries and stamped as assenting to this Plan.

All holders of General Second, General Third and Consolidated Mortgage Bonds who have not already deposited their bonds with the Mercantile Trust Company of New York under the existing Bondholders' Agreement, shall, by delivery of their bonds to the Depositaries, be deemed to deposit their bonds under said Bondholders' Agreement, and, for the bonds deposited, will receive Certificates of said Trust Company issued under that agreement, duly stamped by one of the Depositaries as assenting to this Plan.

The Depositaries will issue negotiable receipts for all other securities deposited with them.

The holders of receipts heretofore issued by the New York Security & Trust Company of New York for General Second Mortgage Bonds, and by the New York Guaranty & Indemnity Company for General Third Mortgage Bonds, must surrender the same to one of the Depositaries and must obtain suitable new certificates hereunder in exchange therefor, in order to entitle them to any benefit of this Plan. Bonds represented by such receipts not actually delivered to the Depositaries will not be entitled to participation herein.

NEW RAILROAD COMPANY.

At the discretion of the Managers, the various properties will be sold under one or more of the several mortgages in default, or otherwise dealt with, and a successor company will be organized.

Pending their use for reorganization purposes, the securities deposited hereunder will be delivered by the Depositaries to one or more Trust Companies, to be held by them respectively subject to the order and control of the Managers.

All securities deposited under the Plan are to be kept alive so long as deemed necessary for the purpose of reorganization.

NEW STOCKS AND BONDS.

The new Company is to authorize the following securities:

First.—PRIOR LIEN ONE HUNDRED YEAR 4 PER CENT GOLD BONDS FOR \$130,000,000.*

These bonds are to be secured by a mortgage upon the Main Line, Branches, Terminals, Land Grant, Equipment and other property, embraced in the reorganization as carried out, and also upon all other property thereafter acquired by the use of any of the bonds to be issued under both the new mortgages.

The present General First Mortgage covers only the main line, land grant and the equipment so far as owned by the Company.

The proceeds of the lands applicable to the new bonds after the retirement of the General First Mortgage Bonds (as provided below) will be applied, one-half, but not in any one year exceeding \$500,000, to the purchase of the Prior Lien 4 per cent Bonds at not exceeding 110 per cent, and their cancellation, and the remainder, under carefully guarded restrictions in the mortgage, will be used for betterments and additions to the property pledged as security for the bonds.

Whenever these bonds cannot be purchased at the maximum price, the unapplied land proceeds for that year will be used to purchase the General Lien 3 per cent Bonds at not exceeding 100 per cent and their cancellation.

These bonds are to be appropriated approximately as follows:

To retire an equal amount of General First Mortg. Bonds.	\$41,879,000
To provide for the conversion and, so far as necessary, for the Sinking Fund of the General First Mortgage Bonds (any amount not so used to be added to the reserve for new construction, etc.)	14,657,650
For the payment of Receivers' Certificates and Equipment Trust, and the conversion of the Collateral Trust Notes and General Second Mortgage Bonds	40,040,350
Total present issue under the Plan	\$96,577,000
Reserved to provide at their maturity for an equal amount of Bonds of the St. Paul & Northern Pacific Railroad Company	8,423,000
Estimated amount to be reserved for new construction, betterments, equipment, etc., under carefully guarded restrictions in the mortgage, and to the extent of not exceeding \$1,500,000 per annum	25,000,000

Total authorized issue.....\$130,000,000

Second. GENERAL LIEN 150-YEAR 3 PER CENT GOLD BONDS*, limited in amount to \$60,000,000, in addition to a reserve for the 100-year 4 per cent Prior Lien Mortgage of \$130,000,000.

These bonds are to be secured by a mortgage second in lien to the Prior Lien Mortgage, and covering the same property.

They are to be appropriated approximately as follows:

For the conversion of the General Third Mortgage Bonds, Dividend Certificates, and the Consolidated Mortgage and Branch Line Bonds under the Plan	\$56,000,000
Estimated amount to be reserved, under carefully guarded restrictions in the mortgage, for new construction, betterments, equipment, etc.	4,000,000
Total issue in excess of Prior Lien Bonds	\$60,000,000
Reserved to provide for the Prior Lien Bonds at their maturity in 100 years	130,000,000
Maximum amount of both Mortgages	\$190,000,000

Third. PREFERRED STOCK, 4 PER CENT NON-CUMULATIVE, limited in amount, under this Plan, to not exceeding \$75,000,000, which amount can be increased only with the consent of the Preferred and Common Stockholders, as herein after set forth. All the Preferred Stock will be in shares of \$100 each, and will be registered and transferrable, at the option of the holder, either in New York or at the Deutsche Bank, Berlin. Dividends upon stock registered in Berlin may be collected there at the rate of 4-20 marks per dollar.

Each share of this Preferred Stock will be entitled to non-cumulative dividends to the extent of four per cent per annum, payable quarterly out of surplus net earnings in each fiscal year before any dividends for such year shall be paid on the Common Stock, and without deduction for any United States, State or municipal taxes that the Railroad Company may at any time be required to pay or retain therefrom.

In any fiscal year in which four per cent dividends shall have been declared on both preferred and common stock, all shares, whether preferred or common, shall participate equally in any further dividends for such year.

Provision will be made that after the termination of the Voting Trust hereinafter provided for, the Preferred Stock is to have the right to elect a majority of the Board of Directors of the new Company whenever for two successive quarterly periods the full and regular quarterly dividends upon the Preferred Stock, at the rate of four per cent per annum, are not paid in cash.

* Bonds will be issued in the following denominations: Coupon Bonds of \$500 and \$1,000, with privilege of conversion into Registered Bonds of \$1,000 and \$10,000.

All interest will be payable quarterly, and both principal and interest will be payable in United States gold coin of the present standard of weight and fineness, without deduction for any taxes which the Railroad Company may be required to pay or retain therefrom.

The right will be reserved by the new Company to retire this stock, in whole or in part, at par, from time to time, upon any first day of January during the next twenty years. The Preferred Stock will be appropriated approximately as follows:

For conversion and adjustment of various Main Line and Branch Line Mortgage Bonds and the defaulted interest thereon, and other purposes, as provided in the Plan... \$72,500,000
Estimated amount which may be used for reorganization purposes or may be available as a Treasury asset of the new Company..... 2,500,000

\$75,000,000

Fourth. COMMON STOCK to the amount of not exceeding \$80,000,000, in shares of \$100 each.

This stock will be appropriated approximately as follows:
For purposes of reorganization as provided in the Plan... \$77,500,000
Estimated amount which may be used for reorganization purposes or may be available as a Treasury asset of the new Company..... 2,500,000

\$80,000,000

VOTING TRUST.

In furtherance of this independent reorganization and the administration of the property and of the securities, both classes of stock of the new Company (except such number of shares as may be disposed of to qualify directors) are to be vested in the following five Voting Trustees: J. Pierpont Morgan, Georg Siemens, August Belmont, Johnston Livingston and Charles Lanier.

In the event of the death of any person designated as a Voting Trustee, prior to the creation of the Voting Trust, the vacancy shall be filled as provided in the Reorganization Agreement hereto annexed, and which is comprised in and forms part of this Plan, with the same force and effect as though herein set forth at length. The stock shall be held by the Voting Trustees and their successors, jointly (under a trust agreement prescribing the powers and duties to be exercised by them, or by a majority of them, and the method of filling vacancies), for five years, although the Voting Trustees, in their discretion, may deliver the stock at any earlier date. Until delivery of stock is made by the Voting Trustees, they shall issue Stock Trust certificates entitling the registered holders to receive, at the time therein provided, stock certificates for the number of shares therein stated, and in the meanwhile to receive payments equal to the dividends collected by the Voting Trustees upon a like number of shares, which shares, however, with the voting power thereon, shall be vested in the Voting Trustees until the stock shall become deliverable, as provided in such Trust Agreement and certificates of the Voting Trustees.

RESTRICTIONS AS TO ADDITIONAL MORTGAGE DEBT AND PREFERRED STOCK.

Provision is to be made that no additional mortgage shall be put upon the property to be acquired hereunder, nor the amount of the Preferred Stock authorized under this Plan be increased, except, in each instance, after obtaining the consent of the holders of a majority of the whole amount of the Preferred Stock, given at a meeting of the Stockholders called for that purpose, and the consent of the holders of a majority of such part of the Common Stock as shall be represented at such meeting, the holders of each class of stock voting separately. During the existence of the Voting Trust, the consent of holders of like amounts of the respective classes of beneficial certificates shall also be necessary for the purposes indicated.

ESTIMATE OF TOTAL NEW CAPITALIZATION.*

UNDER THE PLAN WHEN FULLY CARRIED OUT.

(Exclusive of bonds and stock reserved for new construction, etc.)

Securities.	Amount.	Annual Interest and Dividend.

Annual Charges per mile prior to Common Stock..... \$1,902

APPLICATION OF SECURITIES.

The following details show the disposition to be made under the Plan of the securities of the new Company.

* These calculations are based upon 4,706.44 miles, and are consequently subject to variation according to the actual mileage finally embraced in the reorganization.

† Including \$8,423,000 St. Paul & Northern Pacific Bonds.

As a consideration for the property and securities to be conveyed or delivered to the new Company, or which, pursuant to the Plan, the new Company shall acquire, it is contemplated that the new Company shall deliver the new bonds and stock, excepting the new bonds to be reserved to take up such of the existing securities as are not disturbed, and such final amounts as shall be reserved for the future use of the new Company.

The requisite deliveries of the new securities to depositors and subscribers under the Plan will thus be provided for.

GENERAL FIRST MORTGAGE BONDS.

Privilege of Conversion.

The present General First Mortgage Bonds mature in 1921, but are redeemable by compulsory drawings at any time at 110 per cent from the proceeds of land sales or the fixed annual contribution by the Company to the Sinking Fund.

These compulsory redemptions in the past have been a disturbing factor in all calculations for investment purposes, and the inauguration of a new and vigorous policy for the sale of the lands may be expected from this time forward greatly to increase the amount of such redemptions.

In some years these redemptions have required large contributions from the Operating Department, to the extent even of the entire amount of the Sinking Fund, a sum which would provide for the annual interest on about \$19,000,000 of Prior Lien Bonds as now proposed. It is manifestly to the benefit of the holders of General First Mortgage Bonds to secure an investment of longer continuance, and it is also to the benefit of all subsequent securities to diminish this unnecessarily large burden of annual fixed charge.

To relieve the bondholders from these calls for redemption, which prevent their bonds from reaching the high price they would otherwise command, and to relieve the Company from the burden of the Sinking Fund requirements, and permit the use of a portion of the proceeds of land sales for the benefit of the property.

Holders of the General First Mortgage Bonds are now offered the privilege of converting or exchanging their bonds for the new Prior Lien 100-year 4 per cent Gold Bonds, at the rate of \$1,000 old bonds (coupon or registered) for \$1,350 of new bonds.

To avail of this offer, holders must deposit their bonds as provided on page 550.

Bonds deposited for conversion under this privilege will be entitled to receive on April 1st next a cash payment of \$30 per \$1,000 bond so deposited in lieu of the six months' interest that would mature July 1 next on such bond. The first coupon on the Prior Lien Bonds offered in exchange for General First Mortgage Bonds will be payable October 1 next, and in case of any delay in the reorganization, payments equal to the amount of such new coupons will be made on that date and quarterly thereafter until the new bonds are delivered. These payments will, in the absence of other provision, be made by the Syndicate, which will reimburse itself out of the present General First Mortgage coupons as collected.

The right is expressly reserved to modify these terms or to terminate the privilege at any time, and without notice.

The old bonds now outstanding are at the rate of about \$20,466 per mile. The Prior Lien Bonds, including those reserved for the St. Paul & Northern Pacific Bonds (but not including those to be reserved for new construction, etc.), will, on the basis of 4,706 miles, amount to about \$22,310 per mile, and will cover all the Equipment and the Branches and Terminals as proposed under the Plan.

It is not sought in any way to enforce a conversion of the present General First Mortgage Bonds, and this offer is made solely upon the belief that on the terms proposed such conversion, while advantageous to the Company, is also manifestly to the advantage of bondholders so converting.

The fixed charges for interest and sinking funds on the present General First and Divisional Mortgage Bonds are at the rate of \$1,618 per mile per annum, while it is estimated that they will amount to only \$929 per mile per annum on the Prior Lien Bonds.

The advantage is obvious of a mortgage resting upon a complete and entire system, including Main Line and all branches brought into the new Company, together with Terminals, Land Grant and Equipment, and having over \$200,000,000 of bond and share capital behind it, securing a gold bond running for one hundred years, as compared with a bond at all times liable to compulsory retirement, and secured by only part of the system.

NORTHWEST EQUIPMENT COMPANY.

The shares deposited under the Plan to be purchased at par flat as of June 1, 1896, payable, with interest from that date at 6 per cent per annum, at any time, in the discretion of the Managers, on or before completion of reorganization.

COLLATERAL TRUST NOTES.

Those deposited under the Plan to receive—

3 per cent in cash May 1, 1896, and 4 per cent in cash January 1, 1897.

100 per cent in Prior Lien 4 per cent Bonds.

20 per cent in Preferred Stock Trust Certificates.

GENERAL SECOND MORTGAGE BONDS.

Those deposited under the Plan to receive—

4 per cent in cash within sixty days after the Plan has been declared operative.

118½ per cent in Prior Lien 4 per cent Bonds.

50 per cent in Preferred Stock Trust Certificates.

GENERAL THIRD MORTGAGE BONDS.

Those deposited under the Plan to receive—
 3 per cent in cash within sixty days after the Plan has been declared operative.
 118½ per cent in General Lien 3 per cent Bonds.
 50 per cent in Preferred Stock Trust Certificates.

DIVIDEND CERTIFICATES.

Those deposited under the Plan to receive—
 3 per cent in cash within sixty days after the Plan has been declared operative.
 118 per cent in General Lien 3 per cent Bonds.
 50 per cent in Preferred Stock Trust Certificates.

CONSOLIDATED MORTGAGE BONDS.

Those deposited under the Plan to receive—
 1½ per cent in cash within sixty days after the Plan has been declared operative.
 66½ per cent in General Lien 3 per cent Bonds.
 62½ per cent in Preferred Stock Trust Certificates.

Except as collected out of the coupons, the Managers will have a lien upon deposited securities for cash advanced as above provided, after the Plan shall have been declared operative.

Interest on all new Bonds to be delivered in exchange for old securities will, unless otherwise stated, accrue from January 1, 1897, and will be payable on or before completion of reorganization.

Equitable cash settlements will be made for fractional amounts of new bonds and stocks accruing to depositors.

BRANCH ROAD BONDS.

Holders of the Bonds issued by the following Companies are requested to communicate with Messrs. J. P. Morgan & Co., New York, or with the Deutsche Bank, Berlin, giving the amount of their holdings, and stating whether held in Bonds or Certificates of Deposit:

Central Washington Railroad Company.
 Cœur d'Alene Railway & Navigation Company.
 Duluth & Manitoba Railroad Company (Minnesota Division).
 Duluth & Manitoba Railroad Company (Dakota Division).
 Helena & Red Mountain Railroad Company.
 James River Valley Railroad Company.
 Northern Pacific & Montana Railroad Company.
 Northern Pacific & Manitoba Railway Company Terminal Bonds.

Seattle Lake Shore & Eastern Railroad Company.
 Spokane & Palouse Railway Company.

None of these Branch Roads (Seattle Lake Shore & Eastern alone excepted) owns any considerable amount of equipment; all require more or less expenditure for the restoration of their track, roadbed, stations, etc., to proper condition; all are deficient in their rights of way; some have general traffic all the year, while others are dependent mainly upon the special business of a few months annually; and some earn varying rates of interest upon their cost.

In order to deal equitably with the holders of these Branch Bonds, it is deemed necessary to consider each case separately, and upon its own individual merits.

After hearing from a large proportion of each class of these bondholders, steps will be taken to arrive at some fair basis of adjustment, for which General Lien 3 per cent bonds and new Preferred Stock Trust Certificates have been reserved under this Plan.

PREFERRED STOCK.

Upon completion of the reorganization, the Reorganization Managers in behalf of the Syndicate will deliver to each Depositor of one share (\$100) of Preferred Stock—

\$50 in new Preferred Stock Trust Certificates, and

50 in new Common Stock Trust Certificates, in consideration of his payment therefor of \$10 per share, as provided on page 550.

COMMON STOCK.

Upon completion of the reorganization, the Reorganization Managers, in behalf of the Syndicate, will deliver to the Depositor of each share (\$100) of old Common Stock one share (\$100) of new Common Stock Trust Certificate, in consideration of his payment therefor of \$15 per share, as provided on page 550.

In addition to the payment of all defaulted interest to January 1, 1897, in cash and New Mortgage Bonds, the holders of the three Main Line Mortgage Bonds in default will receive a considerable increase of principal with the following annual income:

OLD SECURITIES.	Fixed Interest.		Income contingent upon Dividends on		Total Income	P. C.
	Prior Lien 4% Bonds.	Gen'l Lien 3% Bonds.	New 4% Pref. Stock.	Amount on New Securities.		
	Am't P. C.	Am't P. C.	Am't P. C.	Am't P. C.		
\$100 Second receive*	\$100 4-00		\$50 00 2-00	\$150 00 6-00		
\$100 Thirds receive*		\$100 3-00	50 00 2-00	150 00 5-00		
\$100 Consols receive*		50 1-50	62 50 2-50	112 50 4-00		

* In addition to amounts allowed for coupons.

The position of the holders of the Common Stock of the new Company in relation to fixed annual charges for interest and sinking funds under the Plan, as compared with the position of the holders of the Common Stock of the present Company, is as follows:

FIXED CHARGES AND PREFERRED DIVIDENDS.	Old Company.	New Company.	Reductions.	
			Amount.	P. Cent
Fixed annual charges prior to dividends upon the Preferred Stocks.....	\$10,905,690	\$6,052,660	\$4,853,030	44-50
Required for annual dividends upon the Preferred Stocks.....	2,819,064	2,900,000	80,936*	2-87*
Total fixed charges and dividends upon the Preferred Stocks prior to dividends upon the Common Stocks	\$13,724,754	\$8,952,660	\$4,772,094	34-77

* Increase.

The compensation to be paid to Messrs. J. P. Morgan & Co. and the Deutsche Bank for their respective services as Managers and as Depositaries of securities has been fixed at one quarter (¼%) of one per cent upon the par value of the securities deposited under the Plan and of the new securities issued in exchange therefor, but not, in any event, to exceed \$1,000,000 in all for such compensation to both parties.

SYNDICATE.

A syndicate has been formed by Messrs. J. P. Morgan & Co., of New York, and the Deutsche Bank, of Berlin, to the subscribed amount of \$45,000,000, to provide the amounts of cash estimated as necessary (1) to carry out the terms of the Plan of Reorganization, and (2) to furnish the new Company with Cash working capital and with a sum estimated at \$5,000,000 for early use in betterment and enlargement of its property.

NEW YORK, March 16, 1896.

Rapid Transit in New York City.—Amendments Asked.

—The Rapid Transit Railroad Commission have sent to the Legislature at Albany a memorial accompanied by amendments to the Rapid Transit Act which they believe to be essential, if the city is to find a responsible party to build and operate the road. The most important amendment asked is to alter the sinking fund requirements for the first ten years so that the contracting party may be enabled to pay 5 per cent on its capital stock, say \$10,000,000, which it will be obliged to issue in order to pay for equipment, etc. The equipment under the amended bill includes power houses, and is estimated to cost about \$7,000,000, all of which must be furnished without use of bonds, so that the city, as required by the act, shall have a first lien thereon. The commission say:

The Rapid Transit Railroad Commissioners, if the action of the special commission shall be confirmed by the Appellate Division of the Supreme Court, are approaching the crucial test of the law, which calls upon the commission to construct the proposed railroad by contract with some person or corporation, who shall agree both to construct the road and to operate it for a term of not less than thirty-five years nor more than fifty years, and to pay a rental thereon not less in amount than the interest upon the city bonds to be issued for construction, plus at least 1 per cent per annum for the sinking fund. The law further provides that the city is to have a first lien on the rolling stock and other property provided by the contracting party for the operation of the road.

In order that the financial burden to be placed upon such a company may not be too onerous in the early years of the enterprise, the commission ask that the requirement upon the contracting party to pay at least 1 per cent into the sinking fund shall at the discretion of the commission not begin to run for five years after the operation of the road has been begun, and may then run for a second period of five years at 4 per cent instead of at 1 per cent, except that after the net earnings of the system upon the investment of the contracting corporation reach 5 per cent, payments into the sinking fund shall be made annually of all excess until the present requirement of at least 1 per cent per annum be reached.

The commission think that with the modifications of the law which they suggest, a contracting party may be secured who may be trusted both to build and operate the proposed railroad; for they are persuaded that the franchise is one of great ultimate value, commanding as it does the key of all underground travel in this city, while at the same time under the scheme of the law the city of New York will secure the ownership of the proposed railroad in the end, free from all liability.—V. 62, p. 503.

Toledo Electric Street Ry.—Purchase of Control.—The property on which the syndicate headed by Redmond, Kerr & Co. has an option is the Toledo Electric Street Railway, of which D. Robinson, Jr. is President. The Toledo Traction Co. is not included.

Union Electric Ry. (Saratoga, N. Y.)—Receiver Appointed.—Charles D. Haines, 100 Broadway, New York City, has been appointed receiver of this company.

Union Elevated RR.—Union Consolidated Elevated Ry. (Chicago).—New Company.—The Union Consolidated Elevated Ry. Co. was organized in Chicago last week with \$1,000,000 of authorized capital for the purpose of building the Van Buren Street portion of the Elevated Loop. Mr. C. F. Yerkes is the chief incorporator. The road will cross the river from Wabash Avenue to Halsted Street, consents for streets, it is said, having been obtained.—V. 62, p. 94.

West Chicago Street RR.—Chicago Passenger Ry.—New Securities.—To reimburse the West Chicago for moneys expended in betterments on their lines, the directors of the Chicago Passenger Ry. on Friday the 13th inst voted to issue an additional \$1,000,000 of stock and about \$1,000,000 of bonds. Of the new stock \$730,000, it is said, will be subscribed for by the trustee, which now holds that amount of the original issue for the benefit of the West Chicago stockholders, and the remainder will be offered to the Passenger Railway shareholders.—V. 62 p. 183.

The Commercial Times.

COMMERCIAL EPITOME.

FRIDAY NIGHT, March 20, 1896.

There was a fall of snow early in the week unusually heavy for the season, causing some delay in street travel, but this was followed by heavy rains and the snow has already disappeared. The developments in the European political situation growing out of affairs in Egypt and Abyssinia have received little attention on this side, although better prices for food staples were attributed in part to that cause. General trade is dull, but this is ascribed in some degree to the unseasonable weather at the North and West, and a material increase in the volume of business is looked for as the spring advances.

There has been an increased demand for lard on the spot, but as offerings have been large prices have further declined and the close was easy at 5 47½¢ for prime Western, 5c. for prime City and 5-85c. for refined for the Continent. There has been no speculation in the local market for lard futures, but nominal prices have been quoted lower in response to a decline at the West, where selling has been general, prompted by a large increase in the receipts of swine, closing easy.

DAILY CLOSING PRICES OF LARD FUTURES.

	Sat.	Mon.	Tues.	Wed.	Thurs.	Fri.
May.....	5-75	5-70	5-68	5-65	5-55	5-55

At a decline in prices the demand for pork has shown an improvement, closing steady at \$9 75@10 25 for mess, \$10 75 @ \$12 00 for short clear and \$10 25@10 75 for family. Cuts-meat have had only a very limited call and prices have weakened slightly, closing at 4½@5½¢ for pickled bellies, 12 210 lbs. average, 4½@4¾¢ for pickled shoulders and 8½@9¾¢ for pickled hams. Beef has been quiet at \$7 50@8 50 for mess, \$9 00@10 00 for packet, \$10 00@12 00 for family and \$14 00@17 50 for extra India mess in tierces. Beef hams have been unchanged at \$15 50@16 00. Tallow has weakened slightly, closing with sales at 8¾¢. Lard stearine has been quiet, closing at 6¼¢. Oleo stearine has been steady at 4½¢. Cotton-seed oil has been in limited request and steadier, closing at 21c. for prime crude and 25½¢ @ 26c. for prime yellow. Butter has been moderately active and steady at 12@22c. for creamery. Cheese has been in fair request at steady prices, closing at 6@10½¢ for State factory, full cream. Fresh eggs have been steadier, closing at 11½¢ for choice Western.

Coffee has been in moderately active request and prices have ruled steady. Rio No. 7 was quoted at 13½¢. The mild grades have been in moderate demand at unchanged values. Good Cucca quoted at 19@16¼¢ and standard Java at 25@25½¢. There has been very little interest shown in the market for contracts, and the course of prices has been somewhat irregular, closing slightly lower in response to weaker foreign advices.

The following were the final asking prices:

March.....	13-20c.	June.....	12-25c.	Sept.....	11-10c.
April.....	12-85c.	July.....	11-90c.	Oct.....	10-95c.
May.....	12-65c.	Aug.....	11-50c.	Nov.....	10-80c.

Raw sugars have been in active request and prices have advanced, closing firm, with buyers at quotations. Centrifugals quoted at 4 3 18c. for 96-deg. test and muscovado at 3½¢ for 89-deg. test. Refined sugars have been in increased demand at higher prices. Granulated quoted at 5½¢. Teas have been quiet and easy. Spices have shown strength.

There was a demand for the choice grades of Kentucky tobacco, but owing to the absence of supplies the business transacted was small. Seed-leaf tobacco has had only a very limited call but prices have held steady. Sales for the week were 780 cases, as follows: 100 cases 1893 crop, New England Havana, 7@8c.; 150 cases 1894 crop, New England Havana, 8@16c.; 100 cases 1894 crop, State Havana, 9@12c.; 100 cases 1894 crop, Zimmer's, 10½¢; 80 cases 1893 crop, Zimmer's, 10½¢; 100 cases 1893 crop, Pennsylvania Havana, 11½¢, and 150 cases sundries, 4@16c.; also 200 bales Havana, 40c. @ 1 78 and 1,500 bales Sumatra, 38c. @ 1 10 in bond.

Speculation in the market for Straits tin has continued quiet and prices have made a slight further decline, closing easy at 13-25c. Ingot copper has received increased attention and prices have been steadier, closing firm at 11c. for Lake. Lead has advanced in response to stronger foreign advices, closing firm at 3 20c. for domestic. Spelter has been firm, closing at 4 15 @ 4 20c. for domestic. Pig iron has been steady at 11 75@13 50 for domestic.

Refined petroleum has further advanced, closing at 7 50c. in bbls., 5 00c. in bulk and 8 40c. in cases; crude in bbls. has been nominal; naphtha unchanged at 8-25c. Crude certificates have been firmer, closing at \$1 40 bid. Spirits turpentine has been easier, closing at 28½¢@29c. Rosins have been firm at unchanged prices, closing at \$1 70@1 75 for common and good strained. Wool has sold slowly but prices have been firmly maintained. Hops have been quiet and weak.

COTTON.

FRIDAY NIGHT, March 20, 1896.

THE MOVEMENT OF THE CROP, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 69,430 bales, against 71,518 bales last week and 85,236 bales the previous week, making the total receipts since the 1st of Sept., 1895, 4,681,475 bales, against 7,111,548 bales for the same period of 1894-5, showing a decrease since Sept. 1, 1895, of 2,425,073 bales.

The speculation in cotton for future delivery at this market opened on Saturday last with continued show of strength, growing out of confidence of operators in the statistical position; but there was little spirit to the dealings, and on Monday a weak report from Liverpool caused a lower opening, but later the early decline was recovered. On Tuesday in the face of a decline of 1-64@3 64d. in Liverpool, prices made a sharp advance, with dealings on a large scale. It was reported that large freight engagements had been made at New Orleans for April and May shipment. It was noticed that May and the summer months all brought about the same price, indicating an effort to "corner" May contracts. The re-appearance of war rumors in Europe, though ignored in this market, may have contributed to the early depression in Liverpool. On Wednesday there was renewed buoyancy, owing to the continued active speculation for the rise, and a brisk demand to cover contracts, to which a sharp advance in Liverpool contributed. Yesterday an early advance for this crop on a continuance of the foregoing influences was soon lost under selling to realize, many operators feeling inclined to take profits. To-day Liverpool opened 2-64@3-64d. lower, but as this no more than met our decline of yesterday, this market opened about steady. The offerings were not liberal, and prices gradually improved, with Liverpool recovering most of its early decline, and the interior receipts continuing quite small. In the afternoon, however, fresh weakness was developed. The close was steady at same decline for the day, but as compared with last Friday 14@19 points dearer for this crop and irregular for the next crop, September-October being 1 point dearer and November-January 2@3 points lower. Cotton on the spot advanced 3-16c. on Tuesday and 1/8c. on Wednesday. There was more done for export previous to the rise. To-day the market was quiet at 7 15-16c. for middling uplands.

The total sales for forward delivery for the week are 1,319,100 bales. For immediate delivery the total sales foot up this week 3,952 bales, including 1,418 for export, 1,334 for consumption, — for speculation and 1,200 on contract. The following are the official quotations for each day of the past week—March 14 to March 20.

Rates on and off middling, as established Nov. 23, 1893, and revised Dec. 11, 1895, by the Revision Committee at which grades other than middling may be delivered on contract:

Fair.....	6 1/4	on.	Good Ordinary.....	6 1/4	off.
Middling Fair.....	7 1/4	on.	Good Middling Tinged.....	7 1/4	Even.
Strict Good Middling.....	7 3/4	on.	Strict Middling Stained.....	7 3/4	off.
Good Middling.....	7 1/2	on.	Middling Stained.....	7 1/2	off.
Strict Low Middling.....	7 1/8	off.	Strict Low Mid. Stained.....	7 1/8	off.
Low Middling.....	7 1/8	off.	Low Middling Stained.....	7 1/8	off.
Strict Good Ordinary.....	7 1/8	off.			

On this basis the prices for a few of the grades would be as follows.

The imports into Continental ports the past week have been 64,000 bales.

The above figures indicate a decrease in the cotton in sight to-night of 1,135,626 bales as compared with the same date of 1895, a falling off of 798,676 bales from the corresponding date of 1894 and a decrease of 525,118 bales from 1893.

AT THE INTERIOR TOWNS the movement—that is the receipts for the week and since September 1, the shipments for the week and the stocks to-night, and the same items for the corresponding period of 1894-95—is set out in detail below.

TOWNS.	Receipts.	Shipments.	Stock.	Receipts.	Shipments.	Stock.

* Louisville figures "net" in both years.

* This year's figures estimated.

* Last year's figures are for Oplumbia, S. C.

The above totals show that the interior stocks have decreased during the week 28,451 bales and are now 10,653 bales less than at same period last year. The receipts at all the towns have been 44,259 bales less than same week last year and since Sept. 1 are 1,947,644 bales less than for same time in 1894-95.

QUOTATIONS FOR MIDDLING COTTON AT OTHER MARKETS.—Below are closing quotations of middling cotton at Southern and other principal cotton markets for each day of the week.

Week ending March 20.	CLOSING QUOTATIONS FOR MIDDLING COTTON ON—					
	Satur.	Mon.	Tues.	Wednes.	Thurs.	Fri.
Galveston.....	79 ¹ / ₈	79 ¹ / ₈	79 ¹ / ₈	79 ¹ / ₈	79 ¹ / ₈	79 ¹ / ₈

Columbus, Miss.....	67 ¹ / ₈	Nashville.....	74 ¹ / ₈	Shreveport.....	70 ¹ / ₈

RECEIPTS FROM THE PLANTATIONS.—The following table indicates the actual movement each week from the plantations. The figures do not include overland receipts nor Southern consumption; they are simply a statement of the weekly movement from the plantations of that part of the crop which finally reaches the market through the outports.

Week Ending—	Receipts at the Ports.			St'k at Interior Towns.			Rec'pts from Plant'ns.		
	1894.	1895.	1896.	1894.	1895.	1896.	1894.	1895.	1896.
Feb. 14.....	71,627	132,980	106,440	376,763	442,280	458,270	57,473	108,835	85,582
" 21.....	82,891	91,807	109,395	363,821	420,269	438,487	69,949	69,787	90,603
" 28.....	67,858	137,940	95,050	347,040	402,728	410,988	51,077	120,399	68,155
Mch. 6.....	70,051	119,835	85,286	332,111	388,860	384,268	45,122	105,967	58,571
" 13.....	60,530	132,381	71,518	304,514	352,976	362,634	49,233	97,497	49,884
" 20.....	49,355	123,133	69,460	287,155	344,838	331,189	31,606	113,993	41,000

The above statement shows: 1.—That the total receipts from the plantations since Sept. 1, 1895, are 4,937,958 bales; in 1894-95 were 7,399,049 bales; in 1893-94 were 5,633,653 bales.

2.—That although the receipts at the outports the past week were 69,460 bales, the actual movement from plantations was only 41,009 bales, the balance being taken from the stocks at the interior towns. Last year the receipts from the plantations for the week were 113,993 bales and for 1894 they were 31,696 bales.

OVERLAND MOVEMENT FOR THE WEEK AND SINCE SEPT. 1.—We give below a statement showing the overland movement for the week and since September 1. As the returns reach us by telegraph late Friday night it is impossible to enter so largely into detail as in our regular monthly report, but all the principal matters of interest are given. This weekly publication is of course supplementary to the more extended monthly statements. The results for the week ending Mch. 20, and since Sept. 1 in the last two years are as follows.

March 20	1895-96.		1894-95.

WEATHER REPORTS BY TELEGRAPH.—Reports to us by telegraph from the South this evening indicate that rain has been general during the week and that in some districts the precipitation has been rather heavy. Farm work has been interrupted by the rain and has consequently made only fair progress on the whole.

Galveston, Texas.—Light showers during the week have retarded farming operations generally, although there were a few favorable days when work progressed. From Seguin it is reported that some farmers have commenced planting cotton, but over the northern portion of the State only a limited amount of land has yet been prepared for planting. It has rained heavily on three days of the week, the precipitation reaching two inches and eight hundredths. The thermometer has averaged 56, ranging from 45 to 66.

Palestine, Texas.—We have had rain on three days of the past week, to the extent of eighty-nine hundredths of an inch. The thermometer has ranged from 33 to 67, averaging 50.

Huntsville, Texas.—There has been rain on three days during the week, the rainfall being one inch and eighty hundredths. Average thermometer 50, highest 68 and lowest 33.

Dallas, Texas.—Frost on the 15th. We have had rain on two days of the week, to the extent of ninety-nine hundredths of an inch. The thermometer has averaged 46, the highest being 65 and the lowest 37.

San Antonio, Texas.—It has rained on two days of the week, the precipitation reaching sixteen hundredths of an inch. The thermometer has averaged 56, ranging from 33 to 74.

Luling, Texas.—Frost on the 16th. We have had rain on two days of the week, to the extent of ten hundredths of an inch. The thermometer has ranged from 38 to 75, averaging 56.

Columbia, Texas.—There has been heavy rain on two days during the week, the rainfall reaching three inches and two hundredths. Average thermometer 58, highest 73 and lowest 43.

Cuero, Texas.—We have had light rain on two days of the past week, to the extent of fifty-two hundredths of an inch. The thermometer has averaged 56, the highest being 74 and the lowest 38.

Brenham, Texas.—It has rained on three days of the week, the precipitation reaching two inches and nine hundredths. The thermometer has averaged 54, ranging from 34 to 75.

Belton, Texas.—We have had rain on two days of the past week, to the extent of eighty-four hundredths of an inch. The thermometer has ranged from 33 to 71, averaging 52.

Fort Worth, Texas.—There has been rain on two days during the week, the rainfall being ninety-four hundredths of an inch, average thermometer 46, highest 64, lowest 37.

Weatherford, Texas.—Hard frost on the 16th. Farmers can only work one or two days a week, and cotton land is yet unbroken. Rain has fallen on two days of the week, the precipitation being ninety-six hundredths of an inch. The thermometer has averaged 46, the highest being 65, and the lowest 26.

New Orleans, Louisiana.—There has been rain on four days of the week, the rainfall reaching two inches and ninety-three hundredths. The thermometer has averaged 54.

Shreveport, Louisiana.—We have had rain on five days during the past week, to the extent of one inch and five hundredths. The thermometer has ranged from 30 to 67, averaging 47.

Columbus, Mississippi.—Rainfall for the week two inches and seventy-three hundredths, on four days. The thermometer has averaged 54, the highest being 70 and the lowest 30.

Leland, Mississippi.—It has rained during the week, to the extent of two inches and eighty-seven hundredths. The thermometer has averaged 45, ranging from 23 to 60.

Vicksburg, Mississippi.—There has been rain on two days during the week, the rainfall reaching one inch and twelve hundredths. Average thermometer 48, highest 68 and lowest 30.

Meridian, Mississippi.—Excessive rains prevent ploughing and therefore delay planting preparations. Rain on four days of the week. The thermometer has ranged from 35 to 60.

Little Rock, Arkansas.—We have had rain on three days of the past week, the precipitation reaching one inch and fifty-eight hundredths. The thermometer has averaged 38, ranging from 28 to 51.

Helena, Arkansas.—Excessive rain has interfered with farm work. It has rained heavily on four days during the week, the precipitation being three inches and seven hundredths. Clear and cold this morning. The thermometer has ranged from 27 to 58, averaging 40.

Memphis, Tennessee.—Light snow on two days. There has been rain on five days during the week, the precipitation reaching two inches and twenty-nine hundredths. Now clear and cold. Very little farm work has been done the past week. Average thermometer 31.8, highest 52.1 and lowest 26.8.

Nashville, Tennessee.—Rain has fallen the past week, the precipitation reaching two inches and ninety-six hundredths. The thermometer has ranged from 23 to 52, averaging 38.

Mobile, Alabama.—Planting preparations are well advanced. Rain has fallen on four days of the week to the extent of one inch and forty-sixth hundredths. Average thermometer 51, highest 66 and lowest 35.

Montgomery, Alabama.—The week's rainfall has been sixty three hundredths of an inch on four days. The thermometer has averaged 49, the highest being 59 and the lowest 39.

Selma, Alabama.—There has been rain on three days of the week, the rainfall reaching one inch and thirty-three hundredths. The thermometer has averaged 50, ranging from 29 to 73.

Madison, Florida.—Telegram not received.

Columbus, Georgia.—Rain has fallen on one day of the week, to the extent of sixty-five hundredths of an inch. Average thermometer 46, highest 56 and lowest 31.

Savannah, Georgia.—There has been rain on two days of the week, the precipitation reaching seventy-seven hundredths of an inch. The thermometer has averaged 53, the highest being 63 and the lowest 37.

Augusta, Georgia.—It has rained on three days of the week, the precipitation reaching thirty-two hundredths of an inch. The thermometer has averaged 49, ranging from 30 to 71.

Charleston, South Carolina.—Rain has fallen on two days of the week, to the extent of sixty-five hundredths of an inch. The thermometer has ranged from 40 to 68, averaging 53.

Stateburg, South Carolina.—Weather has been unfavorable for ploughing. Some corn has been planted. Rain fell on Monday and Thursday, the rainfall reaching seventy-four hundredths of an inch. Average thermometer 48.3, highest 68, lowest 30.

Greenwood, South Carolina.—The thermometer has averaged 43, the highest being 72 and the lowest 30.

Wilson, North Carolina.—There has been rain during the week, to the extent of one inch and twenty-four hundredths of an inch, on two days. The thermometer has averaged 49, ranging from 26 to 76.

The following statement we have also received by telegraph, showing the height of the rivers at the points named at 8 o'clock March 19, 1896, and March 21, 1895.

	Mar. 19, '96.	Mar. 21, '95
	Feet.	Feet.
New Orleans.....	Above zero of gauge. 8.1	8.0
Memphis.....	Above zero of gauge. 10.1	17.7
Nashville.....	Above zero of gauge. 29.8	27.8
Shreveport.....	Above zero of gauge. 12.2	8.1
Vicksburg.....	Above zero of gauge. 18.6	25.6

JUTE BUTTS, BAGGING, &c.—The market for jute bagging has been featureless during the past week, and prices are nominal at 3½c. for 1¼ lbs., 4½c. for 3 lbs. and 4½c. for standard grades. Car-load lots for standard brands are quoted at 3½c. for 1¼ lbs., 4½c. for 2 lbs. and 4½c. for 2¼ lbs. f.o.b. at New York. Jute butts have been devoid of animation at 1½c. for paper quality and 1½c. for mixing.

INDIA COTTON MOVEMENT FROM ALL PORTS.—The receipts and shipments of cotton at Bombay have been as follows for the week and year, bringing the figures down to March 19.

BOMBAY RECEIPTS AND SHIPMENTS FOR FOUR YEARS.

Year	Shipments this week.			Shipments since Sept. 1.			Receipts.	
	Great Britain	Continent	Total	Great Britain	Continent	Total	This Week.	Since Sept. 1.
'95-6	1,000	10,000	11,000	39,000	365,000	404,000	65,000	1,218,000
'94-5	8,000	8,000	3,000	117,000	120,000	37,000	538,000
'93-4	25,000	25,000	28,000	312,000	340,000	75,000	959,000
'92-3	1,000	23,000	24,000	15,000	312,000	327,000	59,000	728,000

According to the foregoing Bombay appears to show an increase compared with last year in the week's receipts of 28,000 bales and an increase in shipments of 3,000 bales, and the shipments since Sept. 1 show an increase of 284,000 bales. The movement at Calcutta, Madras and other India ports for the last reported week and since the 1st of September, for two years, has been as follows. "Other ports" cover Ceylon, Tuticorin, Kurrachee and Coconada.

	Shipments for the week.			Shipments since Sept. 1.		
	Great Britain	Continent	Total	Great Britain	Continent	Total
Calcutta—						
1895-96...	4,000	23,000	27,000
1894-95...	2,000	2,000	10,000	9,000	19,000
Madras—						
1895-96...	14,000	11,000	25,000
1894-95...	13,000	10,000	23,000
All others—						
1895-96...	18,000	30,000	48,000
1894-95...	14,000	27,000	41,000
Total all—						
1895-96...	36,000	64,000	100,000
1894-95...	2,000	2,000	37,000	46,000	83,000

The above totals for the week show that the movement from the ports other than Bombay is 2,000 bales less than the same week last year. For the whole of India, therefore, the total shipments since September 1, 1895, and for the corresponding periods of the two previous years, are as follows.

EXPORTS TO EUROPE FROM ALL INDIA.

Shipments to all Europe from—	1895-96.		1894-95.		1893-94.	
	This week.	Since Sept. 1.	This week.	Since Sept. 1.	This week.	Since Sept. 1.
Bombay.....	11,000	404,000	8,000	120,000	25,000	340,000
All other ports	100,000	2,000	85,000	5,000	122,000
Total....	11,000	504,000	10,000	205,000	30,000	462,000

ALEXANDRIA RECEIPTS AND SHIPMENTS.—Through arrangements we have made with Messrs. Davies, Benachi & Co., of Liverpool and Alexandria, we now receive a weekly cable of the movements of cotton at Alexandria, Egypt. The following are the receipts and shipments for the past week and for the corresponding week of the previous two years.

Alexandria, Egypt, March 18.		1895-96.		1894-95.		1893-94.	
Receipts (cantars) ..							
This week	60,000		65,000		90,000		
Since Sept. 1	5,001,000		4,390,000		4,461,000		
		This week.	Since Sept. 1.	This week.	Since Sept. 1.	This week.	Since Sept. 1.
Exports (bales)—							
To Liverpool	8,000	284,000	5,000	231,000	4,000	261,000	
To Continent	11,000	249,000	3,000	260,000	5,000	198,000	
Total Europe	19,000	533,000	10,000	491,000	9,000	459,000	

* A cantar is 95 pounds.
† Of which to America in 1895-96, 46,532 bales; in 1894-95, 34,840 bales; in 1893-94, 13,464 bales.

This statement shows that the receipts for the week ending March 18 were 60,000 cantars and the shipments to all Europe 19,000 bales.

MANCHESTER MARKET.—Our report received by cable to-night from Manchester states that the market continues firm for both yarns and shirtings. Manufacturers are generally well under contract. We give the prices for to-day below and leave those for previous weeks of this and last year for comparison:

SEA ISLAND COTTON MOVEMENT.—We have received this (Friday) evening by telegraph from the various ports the details of the Sea Island cotton movement for the week. The receipts for the week ending to-night (March 20) and since Sept. 1, 1895, the stocks to-night, and the same items for the corresponding periods of 1894-95, are as follows.

Receipts to March 20.		1895-96.		1894-95.		Stock	
		This week.	Since Sept. 1.	This week.	Since Sept. 1.	1896.	1895.
Savannah	765	73,065	214	63,630	9,157	3,568	
Charleston, &c.		10,332	3	5,182	2,375	296	
Florida, &c.		4,793		5,139	2,179	324	
Total	765	88,190	217	73,951	13,711	4,188	

The exports for the week ending this evening reach a total of 748 bales, of which 673 bales were to Great Britain, 75 to France and — to Reval, and the amount forwarded to Northern mills has been 939 bales. Below are the exports for the week and since September 1 in 1895-96 and 1894-95.

Exports from—		Week Ending Mch. 20.		Since Sept. 1, 1895.		North'n Mills.	
		Great Brit'n.	Fr'nce &c.	Great Brit'n.	Fr'nce &c.	Week	Since Sept. 1.
Savannah, &c.		11,648	2,366	14,014	889	30,361	
Charleston, &c.		2,921	64	2,985	50	1,474	
Florida, &c.						3,603	
New York	319	75	394	13,065	3,438	16,503	
Boston	354		354	3,554		3,554	
Baltimore				2,342	13	2,355	
Total	673	75	748	33,530	5,891	39,411	939
Total 1894-5	568	15	583	32,744	5,039	37,783	200

A considerable portion of the Sea Island cotton shipped to foreign ports goes via New York, and some small amounts via Boston and Baltimore. Instead of including this cotton for the week in which it leaves the Southern outports, we follow the same plan as in our regular table of including it when actually exported from New York, &c. The details of the shipments of Sea Island cotton for the week will be found under the head "Shipping News," on a subsequent page.

Quotations March 20 at Savannah, for Floridas, common, 12 1/2 c.; medium fine, 14 c.; choice, 16 1/2 c.
Charleston, Carolinas, medium fine, 31 c.; fine, 24 c.; fully fine, 26 c.; extra fine, 30 c.

EXCHANGES.—The following exchanges have been made during the week:

*05 pd. to exch. 800 May for Aug.	*16 pd. to exch. 1,300 Nov. for Sept.
*05 pd. to exch. 100 May for July.	Even 1,000 May for July.
*15 pd. to exch. 100 Nov. for Sept.	
*01 pd. to exch. 100 May for June.	*50 pd. to exch. 500 Oct. for Aug.
*41 pd. to exch. 1,000 Dec. for Aug.	*08 pd. to exch. 200 Apr. for May.
*01 pd. to exch. 400 May for July.	*47 pd. to exch. 500 Oct. for Aug.
Even 100 May for Aug.	*03 pd. to exch. 300 Nov. for Dec.
Even 100 June for Aug.	*04 pd. to exch. 1,000 Nov. for Dec.
*40 pd. to exch. 100 Oct. for Aug.	*01 pd. to exch. 6,500 Nov. for Dec.
*10 pd. to exch. 400 Apr. for May.	*54 pd. to exch. 500 Dec. for July.
*02 pd. to exch. 7,400 Aug. for May.	*02 pd. to exch. 200 May for Aug.
*03 pd. to exch. 1,200 Aug. for May.	*13 pd. to exch. 300 Dec. for Sept.
*46 pd. to exch. 100 Oct. for Aug.	*04 pd. to exch. 400 Dec. for Oct.
*51 pd. to exch. 200 Nov. for Aug.	*49 pd. to exch. 200 Dec. for Aug.
*50 pd. to exch. 100 Nov. for Aug.	*03 pd. to exch. 100 May for Aug.
*01 pd. to exch. 200 June for Aug.	

AGRICULTURAL DEPARTMENT REPORT ON COTTON MOVEMENT FOR FEBRUARY.—The Agricultural Department issued on the 16th inst. a report on the marketing of cotton as follows:

The statements furnished the Department of Agriculture by all the railway and water transportation companies show that from Sept. 1, 1895, to Feb. 1, 1896, the total actual movement of cotton from the States of production to ports, Northern and Western mills, Canada, Mexico, and all other destinations, amounted to 5,135,722 commercial bales; reports from the officials of the mills show actual purchases during the same period amounting to 6,977,668 bales; the Department's township and precinct agents show that on Feb. 1, 1896, there remained on plantations 252,163 bales, in warehouses 358,741 bales, at public bins 106,599 bales, at compresses 171,352 bales, and at depots and yards 98,492 bales, total 987,748 bales, not including stocks held at ports. The crop by States is as follows:

From—	Railway, movement.	Remaining on plantations, &c.	Bought by mills.	Total crop.
Bales.	Bales.	Bales.	Bales.	Bales.
North Carolina	155,616	52,700	131,833	339,149
South Carolina	394,542	80,133	214,270	688,965
Georgia	777,632	158,381	142,641	1,078,654
Florida	32,712	3,103		35,815
Alabama	486,490	106,478	44,981	638,349
Mississippi	787,136	158,111	11,602	956,909
Louisiana	394,137	66,818	1,074	461,929
Texas	1,531,842	220,081	3,294	1,755,127
Arkansas	365,457	115,64	1,379	482,991
Tennessee	122,816	15,888	14,412	153,916
Indiana	52,259	7,548		59,797
Oklahoma	12,902	701		13,603
Missouri	11,046	558		11,614
Virginia	7,105	1,234		8,339
Utah			40	40
Total	5,135,722	987,748	563,037	6,685,507

To the above mill figures should be added for Georgia, 745 bales; Louisiana, 6,364 bales; North Carolina, 564; South Carolina, 5,808; Tennessee, 2,052; and to Texas, 2,547 bales, taken from ports and otherwise counted in the railway movement; the Kentucky, Missouri and Virginia figures being also included in the railway movement.

The mill purchases by States are as follows: Alabama, 44,881 bales; Arkansas, 1,570 bales; Georgia, 143,883; Kentucky, 10,415; Louisiana, 7,449; Mississippi, 11,662; Missouri, 188; North Carolina, 131,748; South Carolina, 22,073; Tennessee, 16,461; Texas, 5,751; and Virginia, 16,984 bales; total, 609,766 bales.

No deduction has been made of cotton on plantations and at interior points Sept. 1, 1895. The above figures are subject to revision in the Department's final report.

EXPORTS OF COTTON GOODS FROM GREAT BRITAIN.—Below we give the exports of cotton yarn, goods, &c., from Great Britain for the month of February and since October 1 in 1895-96 and 1894-95, as compiled by us from the British Board of Trade returns. It will be noticed that we have reduced the movement all to pounds.

Exports of Cotton Goods from Great Britain.		Farn & Thread.		Cloth.		Total of All.	
		1895-96	1894-95	1895-96	1894-95	1895-96	1894-95
		Lbs.	Lbs.	Lbs.	Lbs.	Lbs.	Lbs.
October	24,978	24,078	448,847	485,500	85,391	11,444	110,169
November	37,764	24,994	418,837	448,142	80,667	84,306	104,43
December	19,401	21,324	410,990	433,643	79,016	81,666	92,940
Total	69,535	68,291	1,271,953	1,367,353	244,974	257,505	313,509
January	22,906	25,039	437,480	465,161	84,131	89,59	106,58
February	21,421	21,597	453,009	400,697	87,117	77,178	103,536
Stocks and socks						538	580
Sundry articles						10,771	9,806
Total exports of cotton manufactures						540,178	540,594

The foregoing shows that there has been exported from the United Kingdom during the five months 540,178,000 lbs. of manufactured cotton, against 549,531,000 lbs. last year, or a decrease of 9,353,000 lbs.

A further matter of interest is the destination of these exports, and we have therefore prepared the following statements, showing the amounts taken by the principal countries during February and since October 1 in each of the last three years:

EXPORTS OF PIECE GOODS AND YARNS TO PRINCIPAL COUNTRIES IN FEBRUARY, AND FROM OCTOBER 1 TO FEBRUARY 29.

Exports of Piece Goods and Yarns to Principal Countries.		February.		Oct. 1 to Feb. 29.

1889.....	254,697	62,220	316,917
1890.....	323,060	37,722	360,782
1891.....	365,038	10,939	375,977
1892.....	385,771	21,415	407,216
1893.....	317,900	14,102	332,002
1894.....	369,089	10,654	379,743
1895.....	403,075	2,830	405,905

From the above it will be seen that the shipments to China during the year 1895 were the heaviest on record, but that the exports to Japan were smaller than in any year since 1878.

FERTILIZER SALES IN GEORGIA.—According to a report issued this week by the Georgia Agricultural Department the sales of fertilizers this season to March 14 were 310,000 tons, against 150,000 last year. For the whole of last season the sales were 320,000 tons.

EAST INDIA CROP.—The following report on the cotton crop of Bengal is from the Calcutta Price Current dated February 19:

The total area sown this year with the late cotton crop in these Provinces, except Singhbhum, is estimated at 107,300 acres against 108,100 acres sown in 1894-95. The small decrease is probably due to want of rain in October, i. e., at the time of sowing. Only from two districts, viz., Bankura and Darbhanga, has an increase in area cultivated with cotton been reported.

Out of the 15 districts of these Provinces from which returns have been received, only one district, viz., Angul and the Khondals, returns an average crop of 14 annas. Eight districts, viz., Bankura, Patna, Saran, Champaran, Monchyr, Bhagalpur, Cattaek and Balasore, give estimates varying from 12 to 14 annas, and the remaining six districts, viz., Birbhum, Midnapore, Muzaffarpur, Darbhanga, Furl and Manbhum, report crops from 8 to 10 annas. Four districts report better crops than last year, the report equal crops, and six worse crops. Saran, which returns 43,000 acres out of the whole area of 107,000 acres, estimates 12 annas only against last year's 16 annas. It would thus appear that this year's crop will probably give a smaller out-turn than last year's. The arithmetical mean obtained with reference to the areas cultivated shows an 11-2-anna crop for the late-cotton-growing districts as a whole. A 12-anna crop may be approximately estimated.

COMPARATIVE PORT RECEIPTS AND DAILY CROP MOVEMENT.

A comparison of the port movement by weeks is not accurate as the weeks in different years do not end on the same day of the month. We have consequently added to our other standing tables a daily and monthly statement, that the reader may constantly have before him the data for seeing the exact relative movement for the years named. The monthly movements since September 1, 1895, and in previous years, have been as follows:

	1895.	1894.	1893.	1892.	1891.	1890.
Sept'mb'r	383,886	513,762	377,408	405,355	676,823	732,236
October	1,202,460	1,622,664	1,311,269	1,135,473	1,532,426	1,365,231
November	912,759	1,607,662	1,277,776	1,125,855	1,376,906	1,145,416
December	987,899	1,497,560	1,239,738	930,029	1,215,144	1,195,063
January	548,118	938,197	687,028	438,457	665,162	859,979
February	441,776	533,398	330,504	291,648	658,855	535,273
Total.....	4,476,898	6,718,243	5,218,723	4,324,817	6,125,319	5,833,198
Percentage of total receipts Feb. 29..	85.23	87.23	84.40	85.58	83.41	

This statement shows that up to February 29 the receipts at the ports this year were 2,241,345 bales less than in 1894-95 and 741,835 bales less than in 1893-94. By adding to the totals to Feb. 29 the daily receipts since that time we shall be able to reach an exact comparison of the movement for the different years.

	1895-96.	1894-95.	1893-94.	1892-93.	1891-92.	1890-91.

" 20.....	14,637	17,402	9,416	9,821	8.	16,012
Total.....	4,686,475	7,062,255	5,400,241	4,469,550	6,390,187	6,102,187
Percentage of total port receipts Mch. 20	89.60	90.26	87.23	89.27	87.28	

This statement shows that the receipts since Sept. 1 up to to-night are now 2,375,750 bales less than they were to the same day of the month in 1895 and 713,766 bales less than they were to the same day of the month in 1891. We add to the table the percentages of total port receipts which had been received to March 20 of each of the years named.

SHIPPING NEWS.—The exports of cotton from the United States the past week, as per latest mail returns, have reached 113,574 bales. So far as the Southern ports are concerned these are the same exports reported by telegraph and published in the CHRONICLE last Friday. With regard to New York we include the manifests of all vessels cleared up to Thursday.

* Including cattle and hogs in all months and years.
NOTE.—All the above figures are based on the monthly preliminary returns issued by the Bureau of Statistics, and cover about 93 per cent of the total exports of breadstuffs and oil, 99 per cent of provisions and nearly 100 per cent of cotton.

For other tables usually given here see page 533.

THE DRY GOODS TRADE.

NEW YORK, FRIDAY, P. M., March 20, 1896

The gingham situation has again been responsible for prominent features of the week. The H. B. Claffin Company on Tuesday put out another large drive in the shape of Amoskeag "Three Stars," a kindred fabric to the "Parhill Zenhys," sold by them last week, the prices being the same as then, 5½c. by the case and 6c. by the piece. A quick clearance was effected. In addition to this the Westbrook Mfg. Co. have announced that they will sell at auction next Wednesday 2,000 cases of their dress style ghinghams. The demoralized condition of the gingham market is thus self-evident. Bleached cottons furnished the other surprise of the week, when Lonsdale 4-4 bleached and allied tickets were reduced 1c. to ¾c. per yard. These incidents, whilst extreme, indicate the course of the general market, which has this week failed to show any sign of improvement. The attendance in primary circles has been poor, and the bad weather has exercised a restrictive influence over both the jobbing and retail trades. Prices at first hands continue decidedly irregular on staple lines of cotton goods and still move in favor of buyers. The Merrimack Mills & Print Works will shut down indefinitely on Monday, but there is no other justification as yet of current reports of a resort to curtailment of output by manufacturers. The advance in raw cotton has attracted some attention, but has been without actual influence over the situation.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending March 16 were 1,740 packages, valued at \$103,955, their destination being to the points specified in the tables below:

NEW YORK TO MARCH 16	1896.		1895.	
	Week.	Since Jan. 1.	Week.	Since Jan. 1.
Great Britain.....	122	465	277	935

China, via Vancouver.....		7,317		1,250
Total.....	1,740	51,274	5,036	38,437

* From New England mill points direct.

The value of the New York exports for the year has been \$2,048,565 in 1896 against \$1,685,026 in 1895.

The price of Lonsdale 4-4 bleached shirtings was reduced to 7c. on Monday, Blackstone to 6½c., Hope to 6¼c., Fitchville to 6c., Forget-Me-Not to 5½c. and Farmer's Choice to 5¼c. There have been a few reductions by other agents, but the majority of them refuse to make open changes until the situation becomes more clearly defined. The demand has not been stimulated to any extent by the low prices made. Some fair orders have been taken thereat, but the general trade are still buying cautiously in all grades of bleached goods. Brown cottons continue very easy to buy in sheetings, drills, ducks and Osnaburgs, but the demand has not expanded. Business in denims rules slow and indifferent in other coarse colored cottons, with prices irregularly in favor of buyers. Wide sheetings are fairly steady, with quiet sales. Cotton flannels and blankets dull at previous prices. Kid-finished cambrics, white goods, quilts, etc., are inactive throughout without quotable change in prices. Regular printed calicoes have been in quiet request. American black and whites and American grays have been reduced to 4½c.; otherwise prices are without change. There has been a stagnant market for ghinghams at first hands; buyers' interest has been confined to the drive referred to above and the impending auction sale. Staple ghinghams are slow and easy. The print cloth market has declined to 2½c. for extras, at which price sales have been made at Fall River. Odds have been in moderate demand.

Stock of Print Cloths—	1896.	1895.	1894.	1893.
	Feb. 14.	Feb. 16.	Feb. 17.	Feb. 18.
At Providence, 64 squares.....	202,000	110,000	192,000	15,000
At Fall River, 64 squares.....	617,000	51,000	322,000	10,000

Total stock (pieces)..... 1,278,000 265,000 592,000 25,000

WOOLEN GOODS.—The attendance of buyers has again been poor in the woolen and worsted goods departments and business in men's-wear fabrics has continued irregular and disappointing. Buyers are paying some attention to new and cheapened lines of goods which agents in their efforts to keep mills employed are constantly placing before them, but buy sparingly outside of these. The price situation in both staple and fancy goods of regular order is without material change, but sellers are easy to deal with in all grades. There has been no improvement in the demand for overcoatings, which are irregular. Cloakings in moderate request for fall. Dress goods in woolen and worsteds for fall are being moderately ordered, and there is still a demand for bright fabrics for quick consumption. Flannels and blankets show a new feature.

FOREIGN DRY GOODS.—The display of samples of new dress goods for fall is unusually small for the time of year, and business is restricted thereby. In other directions the market for foreign merchandise has been without new feature of importance.

Imports and Warehouse Withdrawals of Dry Goods

The imports and warehouse withdrawals of dry goods at this port for the week ending March 19, 1896, and since January 1, 1896, and for the corresponding periods of last year are as follows:

Imports entered for consumption for the week and since January 1, 1896 and 1895.	Week Ending March 19, 1896.		Since Jan. 1, 1896.		Week Ending March 19, 1895.		Since Jan. 1, 1895.

(The above terms for one month and upward are for standing cards.)

Bond Proposals and Negotiations.—We have received through the week the following notices of bonds recently negotiated and bonds offered and to be offered for sale.

Atchison, Kan.—Bond Election.—The people of Atchison will vote April 7 on issuing \$50,000 of sewer bonds.

Augusta, Ga.—Bond Sale.—On March 12, 1896, this city sold \$56,000 of 4½ per cent refunding bonds to W. J. Hayes & Sons of Cleveland, Ohio, for \$58,860. Five other bids were received as follows:

	Amount bid.
R. B. Sperry & Co., Baltimore	\$58,385-6
Lehman Bros., New York	54,660-8
E. D. Shepard & Co., New York	56,624-0
L. O. Hayne, Augusta, Ga.	57,215-20
J. J. Cohen, Agent Mutual Life Insurance Co., New York ..	58,279-20

The securities will be dated April 1, 1896, interest will be payable semi-annually on April 1 and October 1, and the principal will mature April 1, 1923.

Bexar County, Tex.—Bond Sale.—On February 19, 1896, this county sold \$32,000 of 5 per cent 10-40 year court-house bonds to the B. L. & Geo. D. Cook Company, of Chicago. These bonds were previously awarded to C. H. White & Co., but were not taken up by them.

Boston, Mass.—Bids Rejected.—On March 17, 1896, Alfred T. Turner, City Treasurer, received the following bids for the purchase of a \$1,500,000 temporary loan issued in anticipation of taxes to mature November 2, 1896, without grace: Mutual Life Ins. Co., New York, 4½ per cent; E. H. Rollins & Sons, for \$1,000,000, 4½ per cent and \$48 premium; Blake Bros. & Co., for \$500,000, 4½ per cent; United States Trust Co., Boston, 4-20 per cent. The offers were all rejected. Bids were asked on the whole or any part of the loan, but for not less than \$10,000 in one certificate, the proposals to be for the principal at par and the lowest rate of interest per annum to be paid thereon.

It was reported later in the week that Treasurer Turner had placed \$300,000, or one-fifth, of the proposed temporary loan with a Boston institution at 4 per cent, and has inquiries from a New York institution for \$500,000. He will probably place the whole at 4 per cent, it is said. Last August the city placed a temporary loan at 2½ per cent.

Bradford School District No. 4, Township No. 14, Ill.—Bond Offering.—Proposals will be received until 5 o'clock P. M. April 1, 1896, by W. A. Washburn, Clerk of Board of Directors, for the purchase of \$6,735 of 6 per cent school district bonds. Interest will be payable annually and \$735 of the principal will mature April 1, 1906, and \$1,000 yearly thereafter.

Braintree, Mass.—Bonds Proposed.—This town will petition for authority to issue \$20,000 of water-works bonds.

Castle Rock, Wash.—Bond Election.—A vote will be taken on issuing \$3,000 of water-works bonds.

Cecil County, Md.—Bonds Proposed.—A bill has been introduced in the Legislature providing for the issuance of \$10,000 of school-house bonds.

Charles City, Iowa.—Bonds Authorized.—It is reported that a vote taken March 2, on issuing \$10,000 of water-works bonds resulted in favor of the proposition. The bonds will all be disposed of at home.

Columbus, Ohio.—Bond Election.—The citizens of Columbus will vote April 6 on issuing \$300,000 of bonds for an electric-light plant.

De Ruyter, N. Y.—Bond Election.—The citizens of this municipality will soon vote on issuing \$12,000 of water-works bonds.

East Liverpool, Ohio.—Bond Election.—A vote will be taken on issuing \$45,000 of bonds for an electric-light plant.

Elyria, Ohio.—Bond Election.—The people of Elyria will vote on issuing \$250,000 of bonds for a water supply from Lake Erie, eight miles distant. If authorized the bonds will run from 5 to 25 years.

Eufaula, Ala.—Bond Offering.—Proposals will be received until 12 o'clock M. April 23, 1896, by P. B. McKenzie, Mayor, for the purchase of \$75,000 of 6 per cent 30-year gold bonds to be issued for the construction of water-works, sanitary sewers and an electric light plant. The securities will be dated April 1, 1896, interest will be payable semi-annually on April 1 and October 1, and the principal will mature April 1, 1926, both principal and interest to be payable at the office of the City Treasurer.

The city's total debt (all bonded) is at present \$37,050. Its assessed valuation in 1895 of real estate was \$818,540; personal property (not including merchandise), \$609,935; total, \$1,438,465. The actual value of real estate in 1895 was \$1,237,810. Population, according to the police census of 1893, was 7,730. The city owns property valued at \$65,000.

Flushing, Mich.—Bonds Authorized.—Bonds of Flushing have been voted for water works and electric lights.

Franklin, Ky.—Bond Election.—A vote will be taken to-day on issuing \$20,000 of water-works bonds.

Hillsboro Bridge, N. H.—Loan Authorized.—The village precinct will issue a loan of \$45,000 for the purchase of the water-works.

Howard Lake, Minn.—Bonds Authorized.—Water-works and electric-light bonds to the amount of \$10,000 have been voted.

Ipswich, Mass.—Bonds Proposed.—This town will ask for authority to issue \$30,000 of water extension bonds.

Jamaica Union Free School District No. 8, N. Y.—Bond Sale.—On March 16, 1896, ten bids were received for the purchase of \$18,000 of 4 per cent school bonds of this district, and the securities were awarded to Messrs. Farson, Leach & Co. at 109-50. The loan will be dated April 1, 1896, interest will be payable semi-annually on April 1 and October 1, and the principal will mature at the rate of \$2,000 yearly from April 1, 1919, to April 1, 1926. The bonds will be coupon or registered, as the purchaser may prefer, both principal and interest to be payable in gold.

Jefferson City, Mo.—Bonds Proposed.—Street-improvement bonds of this city to the amount of \$20,000 will probably be issued.

Le Roy, N. Y.—Bond Election.—An election will probably be held to vote on issuing bonds for water-works.

Mississippi.—Bond News.—It is reported that the bill appropriating \$1,000,000 for the erection of a capitol building has failed to pass the Mississippi Legislature. The measure will, however, be reconsidered. It is proposed to raise the money by a bond issue.

Muscatine, Iowa.—Bonds Authorized.—High-school bonds to the amount of \$25,000 have been voted.

New York City.—Proposals will be received until April 2, 1896, at 2 o'clock P. M. by Ashbel P. Fitch, City Comptroller, for the purchase of \$4,300,814-99 of gold bonds and stock of the City of New York as follows:

LOANS—	When due.	ADD'L CROTON WATER STOCK—
CONSOLIDATED STOCK—		3s, g. M&N, \$400,000g. Nov. 1, '15
3s, g. M&N, \$1,575,000g. Nov. 1, '21		DOCK BONDS—
3s, g. M&N, 258,400g. Nov. 1, '15		3s, g. M&N, \$1,000,000g. Nov. 1, '26
3s, g. M&N, 300,000g. Nov. 1, '10		FIRE HYDRANT STOCK—
ADDITIONAL WATER STOCK—		3s, g. M&N, \$50,000g. Nov. 1, '25
3s, g. M&N, \$175,000g. Nov. 1, '15		SCHOOL BONDS—
		3s, g. M&N, \$542,414-99g. Nov. 1, '15

The securities are exempt from city and county tax but not from State taxation.

Further particulars regarding this sale will be found in the City Comptroller's official advertisement elsewhere in this Department.

Palestine, Tex.—Bond Election.—A vote will be taken in April on issuing \$100,000 of city hall and water-works bonds.

Pocomoke City, Md.—Bonds Proposed.—An ordinance will be submitted to the Legislature providing for the issuance of water-works bonds to the amount of \$20,000.

Pomona, Calif.—Bond Sale.—On March 2, 1896, this city sold \$195,000 of 6 per cent water-works bonds to Messrs. N. W. Harris & Co., for a premium of \$10,000 and accrued interest. The securities are dated January 2, 1896, interest will be payable annually, and the principal will mature at the rate of \$4,875 yearly from January 2, 1897, to January 2, 1936, both principal and interest to be payable at the office of the City Treasurer. The bonds will be delivered April 2, 1896.

Portland, Mich.—Bonds Authorized.—On March 9 the citizens of Portland voted, by 354 to 56, in favor of issuing electric-light bonds for \$15,000. The village has no bonded debt at present.

Princeton, Mo.—Bonds Authorized.—It is reported that this city has voted to issue \$16,500 of water-works and electric-light bonds.

Rensselaer County, N. Y.—Bond Sale.—On March 18, 1896, the following bids were received for \$105,000 of 3½ per cent registered court-house bonds: J. E. Gavin, Buffalo, 101-795; Redmond, Kerr & Co., N. Y., 101-29; Street, Wykes & Co., N. Y., 101-76; Walter Stanton & Co., N. Y., separate on each bond from 100-96 to 101-154; I. W. Sherrill, Poughkeepsie, 100-375; Farson, Leach & Co., N. Y., 100-139. The award was made to Joseph E. Gavin, of Buffalo. The securities will be dated April 1, 1896, interest will be payable semi-annually on April 1 and October 1, and the principal will mature at the rate of \$7,000 yearly from April 1, 1931, to April 1, 1945, both principal and interest to be payable at the County Treasurer's office. The total bonded debt of the county, including this issue, is \$650,000. The assessed valuation for 1895, was \$78,843,258.

The above-mentioned loan is the third and last series of an authorized issue of \$315,000. The amount of the first series was \$90,000, dated April 1, 1894, and maturing at the rate of \$6,000 yearly from April 1, 1896, to April 1, 1910. The second series amounted to \$120,000 and matures at the rate of \$6,000 yearly from April 1, 1911, to April 1, 1930. None of these bonds will be renewed when due. A special tax will be levied annually sufficient to pay principal and interest.

Rockville, Md.—Bonds Proposed.—This town has petitioned the Legislature for authority to issue bonds for water-works.

St. Croix County, Wis.—Bond Sale.—On March 16, 1896, this county sold \$65,000 of 5 per cent asylum bonds to the Farmers' & Mechanics' Savings Bank of Minneapolis for a premium of \$4,011 and accrued interest. Twenty-nine bids in all were received for the loan. The securities are payable at the rate of \$5,000 yearly, beginning in 1900.

St. Paul, Minn.—Bids Received.—Three bids were received on March 13, 1896, for the purchase of 330 certificates of indebtedness of the denomination of \$500 each, as follows:

Bids for Each Cert.	
Estabrook & Co.	\$500-75
Blake Bros. & Co., St.	500-793
St. Paul Title Ins. & Trust Co.	502-725

The securities are dated March 14, 1896, interest at the rate of 5 per cent is payable semi-annually, and the principal will

mature June 14, 1897. The loan is issued in anticipation of the collection of taxes of the year 1896.

Tyler, Texas.—Bond Offering.—Proposals will be received until March 24 by J. M. Sharp, Mayor, for the purchase of \$85,000 of bonds, the loan to bear interest at the rate of 5 per cent.

Unionville, Mo.—Bond Offering.—Proposals will be received until 8 o'clock April 1, 1896, by G. H. Gardner, City Clerk, for the purchase of \$18,000 of 5 per cent water-works and electric-light bonds. The securities will be dated April 1, 1896, interest will be payable semi-annually on January 1 and July 1, at the office of the City Treasurer or at any bank that may be agreed upon, and the principal will mature in 20 years, with an option of call after five years.

The city has at present no debt of any kind and its assessed valuation, which is 30 per cent of actual value, in 1895 was \$392,888. The population of the city, according to local figures, is 1,800.

Waseca County, Minn.—Bonds Authorized.—Walter Child, County Treasurer, reports to the CHRONICLE that an election held March 10 on issuing \$50,000 of court-house bonds resulted in favor of the proposition. The money will be taken from the State school fund and bonds given to the State.

Yonkers, N. Y.—Bond Sale.—On March 18, 1896, the Committee on Finance of the city of Yonkers received the following bids for the purchase of \$81,000 of 4 per cent registered school bonds.

Bids.	
W. I. Quistard	113-53
E. L. Day & Co.	110-139
E. D. Shepard & Co.	110-98

Sealed proposals will be received by the Controller of the City of New York, at his office, No. 180 Broadway, until Thursday, the 2d day of April, 1896, at 2 o'clock P. M., when they will be publicly opened, for the whole or a part of the following coupon or registered bonds and stock of the City of New York, principal and interest payable in gold coin of the United States of America, of the present standard of weight and fineness, to wit:

\$1,575,000-00	"Consolidated Stock of the City of New York," issued for various public purposes—the principal payable November 1, 1915.
358,400-00	"Consolidated Stock of the City of New York," for a new site and building for the College of the City of New York, and for the purchase of new stock or plant for the Department of Street Cleaning—the principal payable November 1, 1915.
300,000-00	"Consolidated Stock of the City of New York," to provide for payments of awards, costs, &c., certified by the Change of Grade Damage Commission—the principal payable November 1, 1910.
175,000-00	"Consolidated Stock of the City of New York," known as "Additional Water Stock"—the principal payable November 1, 1915.
400,000-00	"Consolidated Stock of the City of New York," known as "Additional Croton Water Stock of the City of New York"—the principal payable November 1, 1915.
1,000,000-00	"Consolidated Stock of the City of New York," known as "Dock Bonds of the City of New York"—the principal payable November 1, 1915.
50,000-00	"Consolidated Stock of the City of New York," known as "Fire Hydrant Stock"—the principal payable November 1, 1925.
542,414-99	"Consolidated Stock of the City of New York," known as "School House Bonds"—the principal payable November 1, 1915.

The proposals should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of the Corporation of the City of New York," and each proposal should also be inclosed in a second envelope, addressed to the Controller of the City of New York.

For full information see City Record. ASHBEL P. FITCH, Controller. CITY OF NEW YORK—FINANCE DEPARTMENT, Controller's Office, March 16, 1896.

NEW LOANS.

\$70,000

CITY OF INDIANAPOLIS 4% IMPROVEMENT BONDS.

Department of Finance, Office of the City Comptroller, Indianapolis, Ind., March 9, 1896.

Sealed bids will be received by the city of INDIANAPOLIS, INDIANA, until Wednesday, the 26th day of March, 1896, at 12 o'clock M., for the whole or any part of \$70,000 Improvement Bonds of said City. Said bonds will be designated "Indianapolis Improvement Bonds of 1896;" will be dated January 1, 1896, and be of the denomination of \$1,000 each, with interest coupons attached; will bear interest at the rate of four per cent (4%) per annum, payable semi-annually on the first day of January and the first day of July of each year; the principal payable in seven equal annual instalments, and both principal and interest payable at the banking house of Winslow, Lanier & Company, New York City. Bids for the purchase of said bonds should be endorsed "Proposals for Improvement Bonds," and directed to the City Comptroller, Indianapolis, Indiana. Bidders may bid for all or any part of said bonds.

The proposals will be opened by the City Comptroller at his office on the 25th day of March, 1896, between the hours of 12 o'clock M. and 2 o'clock P. M., and said Comptroller will thereupon award said bonds, or, if he shall see fit, a part or any number thereof, to the highest and best bidder therefor and shall have the right to accept a part of any bid, and to award upon any bid the whole or any less number of bonds covered by such bid, the Comptroller being the sole judge of the sufficiency or insufficiency of any bid, and he may, in his discretion, award a part of said bonds to one bidder and a part to another, or he may reject any or all bids.

Each bid shall be accompanied with a certified check upon some bank of the city of Indianapolis, Ind., payable to the order of Wm. H. Schmidt, City Treasurer, for a sum equal to five per cent (5%) of the face or par value of the bonds bid for. The bonds awarded will be delivered by the City Treasurer at his office in the City of Indianapolis on the 25th day of March, 1896, or on the payment of the purchase price for the same, which payment must be made within ten days from the date last above named.

Said bonds are offered for sale under and by virtue of General Ordinance No. 77, 1895, passed by the Common Council of the City of Indianapolis, on the 6th day of January, 1896, and approved by the Mayor on the 11th day of January, 1896.

E. M. JOHNSON, City Comptroller.

NEW LOANS.

\$37,500

CITY OF MONTGOMERY, ALA., 20-Year 5% Paying Bonds.

Sealed bids will be received until April 6, 1896, 12 M., for the purchase of Thirty-Seven Thousand Five Hundred Dollars City of Montgomery, Alabama, 20-year 5 per cent bonds, denomination Five Hundred Dollars each, one-twentieth of the principal and the interest payable annually. The interest and one twentieth the principal is embraced in the Coupon payable annually at the American Exchange National Bank, New York. Said Coupons at and after maturity receivable for Licenses and Taxes due the city. A certified check for Five Hundred Dollars must accompany each bid. The city reserves the right to reject any and all bids.

R. H. SOMMERVILLE, Treasurer.

\$200,000 CITY OF BOSTON REGISTERED 4s.

DATED JAN. 1, 1896. DUE JAN. 1, 1916.

Denomination, \$1,000, or any multiple thereof.

These Bonds are particularly desirable for Trustees and private investors, as the principal can be registered in name of holder. The interest is payable January and July 1st of each year by check mailed to registered holder by City Treasurer.

Legal investment for New York and all New England Savings banks.

MILLS & BLANCHARD,
BANKERS.

MUNICIPAL BONDS

BOUGHT AND SOLD.

Devonshire Building,

26 State Street, Boston, Mass.

The award was made to W. I. Quintard on his bid of 113.53. The securities will be dated April 1, 1896, interest will be payable semi-annually on April 1 and Oct. 1, and \$1,000 of the principal will mature April 1, 1925, and \$5,000 yearly from April 1, 1940, to April 1, 1955. They will be ready for delivery April 1, 1896.

STATE AND CITY DEBT CHANGES.

We subjoin reports as to municipal debts received since the last publication of our STATE AND CITY SUPPLEMENT. Some of these reports are wholly new and others cover items of information additional to those given in the SUPPLEMENT and of interest to investors.

Taunton, Mass.—Benjamin Morris, Mayor. The following statement concerning the indebtedness, valuation, etc., of Taunton has been corrected by means of a special report to the CHRONICLE from Edward H. Temple, City Treasurer.

This city is in Bristol County.

INTEREST—WHERE PAYABLE.—Coupons are payable at the Atlas Nat. Bank of Boston. Reg. Interest is remitted by City Treasurer.

TOTAL DEBT, SINKING FUNDS, ETC.—The subjoined statement shows Taunton's total debt, the sinking fund held by the city against the same, and the water debt, on the first of December of each of the last four years.

	1895.	1894.	1893.	1892.
Gross debt.....	\$1,563,543	\$1,671,737	\$1,700,542	\$1,612,099
Sinking funds, etc....	684,085	863,127	901,791	719,169

Net debt Dec. 1... \$879,458 \$808,609 \$798,751 \$892,930

Water debt (included)... \$1,112,700 \$1,042,700 \$1,007,700 \$991,700

Water sinking fund... 479,869 441,586 407,417

Net water debt... \$632,831 \$601,114 \$600,283 \$.....

Net "municipal" debt \$246,627 \$207,495 \$198,468 \$.....

In the above table the figures of gross debt include liabilities other than funded (to the amount of \$49,000 in 1895) and the sinking funds include "cash, taxes, etc.," amounting in 1895 to \$51,391.

The sinking fund receives yearly a sum sufficient with accumulations of interest on sinking fund investments to retire entire debt at maturity.

The city of Taunton has always complied with the Statutes of the Commonwealth relative to its sinking funds and also in regard to the \$12 tax limit. No permission to extend its debt beyond the time originally fixed for its payment has ever been asked.

ASSESSED VALUATION.—The city's assessed valuation and tax rate at different periods have been as follows, real estate being taken at about 90 per cent of cash value.

POPULATION—In 1895 population was 27,093; in 1890 it was 25,448; in 1880 it was 21,213; in 1870 it was 18,629.

St. Paul, Minn.—Robert A. Smith, Mayor. The following statement has been corrected to January 1, 1896, by means of a special report to the CHRONICLE from City Comptroller J. J. McCardy.

St. Paul is in Ramsey County, and its valuation is only slightly less than the valuation of the entire county. Some of the Ramsey county bonds have the faith and credit of both county and city pledged for their payment, principal and interest. In the following report of the city debt the first table gives the outstanding bonds in detail and the second table gives details regarding the certificates of indebtedness.

A SPECIALTY

	Jan. 1, 1896.	Jan. 1, 1895.
Total bonded debt (including water bonds).....	\$5,332,100	\$5,392,100
Floating debt or certificates of indebtedness.....	1,479,000	1,731,000
Total city debt January 1.....	\$9,811,100	\$10,123,100
Less sinking funds.....	338,923	248,500

Net debt Jan. 1, 1895.....	\$9,472,177	\$9,874,600
Water debt included in the above total.....	\$2,460,000	\$2,460,000

CITY PROPERTY.—The water works owned by St. Paul are self-sustaining and cost \$4,123,945. The water debt is to be met by the Board of Water Commissioners, who, according to the city charter, "shall establish such water rates as will at all times insure to the city a sufficient income to pay interest and to provide a fund to pay principal upon all the bonds, etc., issued for water purposes." The real estate held by the city is valued at \$8,134,915.

VALUATION AND INDEBTEDNESS.—The city's assessed valuation, said to be about 60 per cent of actual value, and tax rate have been as follows:

Years.	Real.	Personal.	Total.	Tax Rate.	Total City Bonds.
1895.....	\$109,494,303	\$13,149,400	\$122,643,703	\$20.30	\$5,332,100
1894.....	109,179,310	14,179,395	123,349,705	21.00	5,392,100

Dayton, Ohio.—C. G. McMillee, Mayor. The following has been corrected to March 1, 1896, by means of a special report to the CHRONICLE from City Comptroller A. C. Herbig.

Dayton is in Montgomery County.

MISCELLANEOUS.

1850. 1896. The United States Life Insurance Co.

IN THE CITY OF NEW YORK.

This old and reliable Company now has the expe-
rience of forty-six years of practical Life Insurance,
which has taught it that the *one* *qu* *on* of success
is the adoption of good plans of insurance, and the
pursuit of a liberal policy towards both its insured
and its Agents. These essentials it possesses in an
eminent degree, but judiciously tempered by that
conservatism which is the best possible safeguard of
the policy-holder. Its contracts are incontestable
after two years. The are non-forfeiting, providing
generally for either paid-up policy or extended in-
surance, at the option of the policy-holder. It gives
ten days of grace in payment of all premiums. Its
course during the past forty-five years abundantly
demonstrates its absolute security.

Active and Successful Agents, wishing to re-
present this Company, may communicate
with the President at the Home Office,
261 Broadway, New York.
